Ike Labels Peace Efforts As Greatest Achievement

Ike Sees End To Business 'Slowdown'

Predicts Faltering Economy Will Move Into 'Sound Period'

WASHINGTON (AP)—President Eisenhower predicted today that the faltering economy would advance soon into "a period of sound growth."

The President's annual economic report—his last major message to Congress—called for 14 pieces of legislation. None could be called an anti-recession measure.

Instead, Eisenhower urged on Congress these policies for sustained prosperity: Keep his new $81 billion budget in balance. Keep inflation under control.

In tone and content, the message was in sharp conflict with the most nearly comparable Democratic document, the Jan. 5 report of President-elect John F. Kennedy's economic task force.

The Democratic group called for emergency federal action extending unemployment compensation for workers who have exhausted their jobless pay, along with other programs boosting federal outlays by $3 billion to $5 billion in the ifscal year starting July 1.

Eisenhower conceded Congress should consider providing some supplement to jobless pay "in periods of especially high rates of unemployment." But his economic advisers told newsmen that the present rate—6.8 per cent — wasn't high enough to justify federal help.

The President's legislative wantlist was topped by a demand that 1962 appropriations "be held within the limits of expected revenues."

It then repeated all the tax proposals of Monday's budget message and other measures—most of them identical with last year's requests.

They included: postal rate increases to make the postal system self-supporting; removal of the 4¼ per cent interest ceiling on government bonds; additional legislation to assist chronically depressed areas; a "moderate" increase in the $1 minimum wage.

In all its 214-page length, the message never spoke of a recession, business dip, or downturn as marking the closing months of the Republican administration.

It referred to "moderate" late-1960 declines in production and employment as being mainly the result of industry's liquidation of an over-accumulation of inventories, and suggested that this may soon be stopped and inventory-buying resumed.

"An increase in general economic activity should not, accordingly, be long delayed," the President said.

Other Bills Pour Into Legislature

Ohio House Group Studies Jobless Benefit Extension

COLUMBUS, Ohio (AP) — The Ohio House Industry and Labor Committee got its feet wet on the state's unemployment problem Tuesday night as other bills continued to roll into the Republican-controlled legislature.

The lawmakers who refused only seven weeks ago to approve an emergency extension of unemployment benefits asked by Democratic Gov. Michael V. DiSalle started consideration of three bills to do practically the same thing.

Among the major measures dropping into the legislative hopper meantime were:

A bill to exempt all food, including restaurant meals, from Ohio's 3 per cent sales tax. At present, only food sold for consumption off the premises where the sale is made is exempt. The proposal, which also embraces prescription medicines and artificial limbs and eyes, was made by Rep. Fred L. Hoffman, R-Hamilton, chairman of the Senate Judiciary Committee.

A proposed constitutional amendment, also sponsored by Hoffman, to make the Ohio Supreme Court the final authority to determine whether either elected or appointed state officials are physically or mentally disabled to the point where they should not hold office. Such questions of disability could be raised against such officials by the governor, the secretary of state or the attorney general.

The third in a series of proposed constitutional amendments all providing for annual, rather than biennial, sessions of the legislature.

A bill to set up an investigation of Ohio's tax structure with a view toward consideration—in 1963 or later—of a state income tax. The proposal came from Sen. J. Sherman Porter, D-Gallia.

A bill by Rep. Richard M. Christiansen, D-Richland, former Mansfield city solicitor, to revise

Wetzel Bill Would Keep Mine Fund Fluid

By Review Correspondent

COLUMBUS — Rep. Clarence L. Wetzel, (R) Columbiana, introduced a bill in the Ohio House today to permit strip mine operators to use certificates of bank deposits as security bond for reclamation.

Wetzel said the intent of the measure, co-sponsored with Rep. Charles Rother, (R) Harrison, is to keep funds at the disposal of banks instead of converting them to government bonds.

Claims U.S. Policies Had Averted War

Big Disappointment Cited As Peace With Justice Not In Sight

WASHINGTON (AP) — President Eisenhower said today he considers the greatest achievement of his eight years in office was the preservation of peace in an era when weakness would almost certainly have brought disastrous war.

Eisenhower gave this appraisal in his last presidential news conference, attended by 280 reporters who crowded into the ornate Indian Treaty Room of the old State Department Building.

The 70-year-old soldier-president dealt quickly, smilingly and emphatically with questions concerned with foreign and domestic problems. He spoke most feelingly when asked what he considered his most satisfying achievement and most heartbreaking failure.

His great disappointment, Eisenhower said, was that the nation could not be brought to the place where it could be said that peace with justice was in sight.

As for achievements, Eisenhower went on, the eight years spanned a period in which the Russians achieved the hydrogen bomb, built an arsenal of nuclear weapons, and supported the war-like threats of the Red Chinese—a period in which this country was fighting a war in Korea and there was grave danger it would spread.

This government showed the understanding, firmness and willingness to take risks in support of policies which prevented the great war from coming, the President said.

Had there been weakness in that time, Eisenhower continued, he is convinced there would have been a war that would have been disastrous to all the earth.

After this grave speech — the longest of the news conference—Eisenhower suddenly grinned and said that Nov. 8 was another great disappointment.

Apart from this rueful comment, and despite the many prodding questions, Eisenhower declined to give his version of what went wrong in the presidential election which cost the Republican party control of the White House.

Mr. K Renews East German Treaty Threat

Signing Would Be To End Occupation Of West In Berlin

MOSCOW (AP) — Nikita Khrushchev has hurled a new threat to sign a separate peace treaty with the East German Communist regime in a move to end Western occupation of West Berlin.

The Soviet premier says the Big Three powers' position in West Berlin is "especially vulnerable."

Khrushchev's fresh threat was made in a speech delivered to party leaders in Moscow Jan. 6 and published in the current issue of the magazine Kommunist.

His speech constituted an interpretation of the declaration adopted at the Communist party summit conference in Moscow last fall.

Ranging across the field of foreign policy, he divided wars into three classes and said the world Communist movement fully supports those of the third class—"sacred" wars of national liberation. As examples, he cited the Algerian rebellion and Fidel Castro's revolution.

3 In Wellsville Mayor's Race

Dawson Seeks New Term As Treasurer

Wellsville today gained the third candidate for its Democratic mayoralty contest in the May 2 primaries while the only incumbent Republican in an East Liverpool City Hall office filed for renomination.

William Daugherty, 973 Main St., manager of an insurance firm, filed for the Wellsville mayor's post to oppose two others who entered earlier, Bernard (Bun) Ference, 1829½ Clark Ave., a garage owner, and Councilman Donald E. Miller.

Meanwhile, City Treasurer Bert A. Dawson filed for nomination for his 10th term. Dean of boys at East Liverpool High School, Dawson was the only Republican to survive a Democratic sweep of City Hall offices in the general election in 1959.

Dawson is married and resides at 1814 Lisbon St. He has one son, Bert Dawson Jr., a junior at Ohio State University. He is a member of the First Methodist Church.

Daughterty, 47, announced previously he intended to seek the mayor's office. He is treasurer of the Fraternal Order of Police Associates and president of the Pebco Corp.

Daughterty is married and has two daughters. He is past president of the Wellsville Kiwanis Club and East Liverpool Life Underwriters Association, past chairman of the Wellsville Red Cross Chapter, and a former member of the Wellsville Board of Health.

A World War II Army veteran, he is a past post, county and division commander of the American Legion.

Town Stunned In Bank Theft Of $2 Million

SHELDON, Iowa (AP) — The economy of this small town in northwest Iowa was in a state of confusion today as the result of a $2-million embezzlement from the Sheldon National Bank.

There were payrolls to be met, outstanding checks that seemed sure to encounter trouble, citizens without funds and local business records in financial disarray.

In jail, beyond the reach of persons seeking public answers to the questions of how and why it all happened, was Burnice Geiger, 58, daughter of the bank president.

The U.S. district attorney's office in Sioux City said Mrs. Geiger — a director and assistant cashier of the bank—admitted the embezzlement. A prominent citizen, she was known for her charitable works.

Her father, W. P. Iverson, 83, president of the bank for 45 years, could only say: "I'm all choked up."

The bank was closed for liquidation by the Federal Deposit Insurance Corp. after a routine audit by federal bank examiners turned up the shortage Monday night.

Officials of the FDIC were checking the records of deposits which were insured up to $10,000 each. The bank's last statement on Dec. 31 listed total assets at $1,995,000. The embezzlements were estimated at $2,126,859.

Keep Off Grassy Plot, Director Asks Drivers

Safety-Service Director Lee Copenhaver today requested motorists to refrain from driving over a grassy plot overlooking the Ohio River along Ohio Ave., Klondyke, which is maintained by nearby residents, although it is city-owned.

Cars have cut ruts in the grassy plot, the director said. The city erected a sign warning drivers off, but it has gone unheeded, he added.

"That area represents a lot of hard work on the part of the people who live nearby," the director said. "They have beautified what otherwise would be a brush-grown stretch.

Peace Hopes Voiced By Ike In Message

Extends Wishes For Prosperous Journey To President-Elect

WASHINGTON (AP) — President Eisenhower, in a sentimental presidential farewell, has asked for stability at home and voiced hope for the achievement of freedom for all who yearn for it in a troubled world.

To president-elect John F. Kennedy, he extended the wish for prosperous journeying through his years as chief executive.

Eisenhower spoke to the American people Tuesday night from his office which already is emptied of personal mementoes and relics of eight years in the White House. Friday he begins a new career as private citizen.

In the message carried over major radio and television networks, the President expressed regret that "so much remains to be done."

The old soldier said it is with a "definite sense of disappointment" that he lays down his responsibilities in the search for a workable disarmament plan. He described this as a continuing imperative.

Eisenhower said he wished he could say that lasting peace is in sight but it is not, adding "crises there will continue to be."

Looking into the years ahead, the President said America is pre-eminent in the world today, "the strongest, the most influential and most productive nation in the world."

But he warned: "As we peer into society's future, we—you and I, and our government—must avoid the impulse to live only for today, plundering, for our own ease and convenience, the precious resources of tomorrow."

Eisenhower said the threat of communism promises to be of "indefinite duration."

To meet the danger successfully, he said, there is need for prolonged sacrifice "with liberty the stake."

Cold Weather Back With 15-20 Low Seen

The honeymoon is over—weatherwise.

Colder weather is returning with a sub-freezing low of 15 to 20 tonight and the drop in temperatures will be accompanied by snow flurries. Thursday will continue cold.

The low this morning was 36 degrees in the downtown and that may turn out to be the day's high as the cold spell moves into the Tri-State area.

The mercury climbed slowly to 38 at noon. Tuesday afternoon's high was 40.

Contract Let For New Beaver Falls Bridge

BEAVER FALLS — The Pennsylvania State Highway Department announced today that it has awarded a contract for construction of a new bridge across the Beaver River at Beaver Falls.

The contract was awarded the Donatelli Co. of Pittsburgh on the low bid of $2,329,418.85, which was $4,000 below the estimate. The bridge will be four lanes and have three spans. It is to be completed in 350 days.

Barron Asks Pay Tax For West Virginia

'Cornerstone' Of His Program Calling For $17.5 Million

CHARLESTON, W. Va. (AP) — A state personal income tax was recommended by Gov. W. W. Barron today as the cornerstone of a program calling for $17.5 million in new annual revenue for economic development, roads and education in West Virginia.

"The future of our beloved state is in our hands. What is done with it is up to us," the newly inaugurated Democratic governor told a joint session of the Legislature.

Barron made three major recommendations not involved in the proposed $17.5 million in new general revenue.

Without naming amounts, he recommended higher benefits under the employer-supported unemployment compensation and workmen's compensation programs. He also asked for enactment at this session of the Legislature of "a stronger and more extensive civil service system for the protection of state employes."

Barron did not specify what income tax rate he was proposing. He said only that he has had a bill drafted to impose a personal income tax "closely related to federal income tax laws." The bill apparently will call for a state tax amounting to 6 or 7 per cent of the amount of federal income tax paid.

He said the income tax, together with "adjustment and small increases" in the gross sales tax and transportation privilege tax, could be expected to yield the $17.5-million cost of these other recommendations he made to the Legislature:

1—Appropriation of at least $8,345,000 from general revenue to meet payments on road bonds.

2—Appropriation of $1.5 million in new revenue for "a modest pay increase for public school teachers and of $2 million to increase the budgets of the 10 state colleges and West Virginia University.

3—Creation of a State Department of Commerce to consolidate functions of three existing agencies.

4—Establishment of an Industrial Development Authority as a division of the Department of Commerce. The authority would lend money to help finance new plants. Barron said $3 million "would be required to put the authority on a workable and effective basis."

5—Appropriation $1.5 million to continue the statewide property reappraisal program. The work has been undertaken in 33 of the 55 counties and $4 million will have been spent or committed by the end of this fiscal year. But there

Memory Loss No Excuse In Hit-Run Crash

A claim of temporary memory loss resulting from concussion is not an adequate defense to a charge of leaving the scene of an accident, Municipal Judge Samuel M. Chertoff ruled today in the case of a Jethro man accused of fleeing on foot after a three-way crash in West End Jan. 6.

The judge imposed a fine of $25 and costs on Jesse Floyd Kent, 30, of 730 Leonard St. on a charge filed by Patrolman W. E. Nott. Unemployed and unable to pay the fine, Kent was ordered to jail in default.

"I'm going to call a lawyer," he said as he was led out of the courtroom.

Patrolman Nott testified Kent's eastbound truck struck an auto which pulled out of a service station driveway on the W. 8th St. "super-road" near Chestnut St., then hit another car which was parked at the other end of the station's lot.

Kent testified he remembered the impact, but recalls nothing else until his memory returned at the Blue Top Restaurant on Route 30 at Substation, several miles from the crash scene. His shoes were missing and his socks and trousers were wet and snow-covered, but he does not know how he got from West End to Substation, he testified.

Cross-examined by Solicitor Richard J. Clark, Kent admitted to drinking "three glasses of beer" in Wellsville shortly before the crash.

"Were you afraid you would be picked up for drinking and driving?" the judge asked.

"No, I only had three beers," Kent replied.

Kent testified he called his brother-in-law to come and get him at Substation. The brother-in-law

Firemen Seek Pay Increase At Wellsville

Finance Committee Of Council To Study $50 Monthly Hike

Wellsville City Council was petitioned for an increase in wages by members of the fire department Tuesday night.

The four-man department asked in a letter for a flat $50-monthly increase for all personnel, claiming this would bring them up to an equal basis with the other branch of the safety department and its personnel.

The letter was signed by Chief R. W. Lewis, Assistant Chief Robert Lloyd and Firemen Frank Fusco and William S. Haugh.

They pointed out they work six days a week, with no holidays off, no extra pay for fighting "off-time" fires or for time spent in training or fire prevention work.

They said they also are responsible for handling all police calls from 4 to 8 p. m. daily and many from 8 a. m. to 4 p. m.

They said this includes radio work and acting as a liaison with surrounding law enforcement agencies. After city offices close on Saturday afternoon and on Sundays and Holidays, the firemen handle all complaints and emergencies of the water, sewage and street departments, the letter stated.

"We feel it is only fair that a firemen should be paid on an equal level with the responsibilities carried and the time he works," they said in the letter, continuing that "a fireman puts in more time on the job than any other city employe."

The request was referred to the

Car Hits Pole; Motorist Hurt

Old Auto Overturns, Then Skids 50 Feet

A 22-year-old driver is in "fair" condition today at City Hospital with injuries suffered in a spectacular crash at 4:26 this morning on the River Rd. in which his 12-year-old sedan slammed into a utility pole after it skidded and overturned, then righted itself and drifted back onto the highway.

Robert E. Atkins, 201 Baum St., suffered possible rib injuries and cuts of the right cheek and forehead in the collision which demolished his 1949 auto.

Atkins reported he was driving west about 35 miles an hour when he was blinded by the headlights of an oncoming vehicle "but he doesn't know what happened after that," police reported.

Investigation showed the car went off the right side of the highway and traveled approximately 50 feet before turning onto its right side, officers said. Then it skidded 50 feet, struck the utility pole, turned upright again and skidded 10 feet backward onto the highway, officers said.

Nixon Packs His Bags, Gets GOP Assurances

WASHINGTON (AP) — Vice President Richard M. Nixon packed today for his departure from Washington with the assurances of GOP colleagues that future national service awaits him.

Nixon was said by aides to be undecided yet on which of several offers he will accept from law firms in California.

Sees Tailor, Holds Conferences

Kennedy Gets 'Suited Up' For Inauguration Friday

NEW YORK (AP)—President-elect John F. Kennedy ducked away from the pre-inaugural hubbub in Washington for a round of Manhattan conferences today—and a session with his tailor.

Kennedy arranged a late morning meeting with Puerto Rico's Governor Luis Munoz Marin. He may confer during the afternoon with Hugh Gaitskell, leader of Britain's Labor party. Aides indicated he will receive other callers at his Carlyle Hotel suite.

Pierre Salinger, Kennedy's press secretary, said tailor Sam Harris plans to visit the suite sometime during the day for a final fitting of the stripped trousers and cutaway coat the president-elect will wear at his inauguration in Washington Friday noon.

Kennedy arrived in New York from Washington shortly after midnight. He traveled aboard a chartered commercial plane because the Kennedy family's private two-engine Convair had been dispatched to Palm Beach, Fla., to bring his wife to Washington.

Mrs. Kennedy, scheduled to arrive in the capital in the afternoon, has been recuperating in Florida since the caesarean birth of a son last Nov. 25.

Kennedy intends to fly back to Washington tonight and probably will attend another of the many pre-inaugural private parties being held there.

Mothers March On Polio Will Be Conducted Jan. 31

The annual Mothers March on Polio will be held in East Liverpool and Wellsville Jan. 31, it was announced at a meeting of campaign workers Tuesday night in the Travelers Hotel.

Women who will head the door-to-door canvass in the two communities met with Richard G. Brian, southern county chairman; Nelson Wright, city chairman, and E. Allan McKeever, head of the county chapter of the National Foundation.

Mrs. David Anderson, Mrs. James W. Crooks, Mrs. Jean Snow and Mrs. Mossie Martin represented the East Liverpool Mothers March and Mrs. Pat Beatty and Mrs. Floreine Broderick represented the Wellsville women's campaign.

Jan. 31 is the final day of the campaign, which began Jan. 1. It's the latest date on which the Mothers March ever has been held in the East Liverpool area. In the past, it generally has been scheduled in mid-January.

Teams of women volunteers will canvass all homes in East Liverpool and Wellsville and surrounding areas. In its broadened scope, the National Foundation not only provides funds for care of polio sufferers but also finances research into the causes of arthritis and birth defects.

In the past householders were

Loss In Fires At Wellsville Rises Sharply

Wellsville's total fire loss during 1960 nearly tripled in comparison with the 1959 figure, according to the annual report submitted to City Council Tuesday night by Fire Chief Lewis.

The total was $48,770, compared to $17,545 in 1959. The 1958 loss was $13,410 and the 1957 $12,150.

The increase was due largely to fires which virtually destroyed three homes in one night in December. The department also fought several other fires during the last three months in which the damage was high.

The loss to buildings was set at $32,120 and to contents $16,650. The value of buildings endangered was $154,420 with insurance amounting to $127,070. The value of property saved was $122,300.

The value of contents endangered was $187,600, with insurance amounting to $172,100, while the value of contents saved was $170,950.

Of the loss, $38,650 was covered by insurance.

A total of 73 calls were answered—26 with loss, 21 without and 26 emergency calls.

Two of the calls were by box, one by radio, 7 by individuals and 63 by phone. There were 26 in dwellings, 13 in autos and trucks, 9 mercantile, 4 grass, 3 industries, 3 utility poles and wires and 15 miscellaneous.

There were 40 full alarms in which the siren is sounded for volunteers to respond, 11 still alarms in which one or two men responded with the truck and 22 investigations were made.

Causes listed were 9, auto motors; 8, electric fixtures and appliances; 7, stoves and furnaces; 5, children; 4, cigarettes; 4, electric wires; 3 each for auto wiring, cooking smoke and fumes, utility wires, false alarms and chimneys; 2 each oil heaters and auto accidents; 4, undetermined, and 10, miscellaneous.

Twenty-one calls were received between noon and 6 p. m., 31 between 6 p. m. and midnight, 7 from midnight to 6 a. m. and 14 from 6 a. m. to noon.

The calls per month were January, 7; February, 5; March, 6; April, 7; May, 5; June, 6; July, 5; August, 2; September, 2; October, 4; November, 12, and December, 12.

Chief Lewis again asked Council to consider adoption of an ordinance governing installation of heating appliances. He said the problem constitutes a constant threat to many homes and families. Several of the more serious fires of the year were due to lack of such rules and regulations, he pointed out.

He also asked for an increase in the fund to send firemen to state and regional fire schools and training programs.

He also asked Council to consider purchase of another piece of apparatus as the pumper that is referred to as "the new truck" is 11 years old. The Ohio Inspection Bureau has suggested the purchase of another vehicle, he said.

He also recommended that the city purchase 200 feet of 2½-inch hose, 100 of 1½-inch hose, 4 fire coats, 3 pair of fire boots and various pieces of protective equipment such as boot liners, gloves, helmets, etc.

He said that loose plaster should be removed and replaced in the hall and two rooms at the station. The damage was caused by a leak in the roof.

Lewis thanked the administration and Council for co-operation during the past year.

Rural Women Start Lessons On Tailoring

LISBON — Approximately 20 women representing most adult home economics extension groups in the county have started a series of lessons on tailoring, according to Miss Julia A. Shank, county extension agent in home economics.

During the seven lessons, the class will go through the entire tailoring process, starting with equipment needed and finishing with a style show of their finished coat or suit at the annual Achievement Day in April.

The first session was held Friday at the county extension offices where equipment, patterns, and fabrics were selected.

The next meeting will be Feb. 7, when members are to have their fabric and pattern and a trial jacket completed.

The lessons, taught by Miss Shank, are part of the educational phase of the Agriculture Extension Service.

LAFAYETTE, Ind. (AP) — Dr. James A. Estey, 74, professor emeritus of economics at Purdue University, died Monday. He joined the Purdue faculty in 1914, was head of the history department in 1929-53 and retired in 1956. He was born in New Brunswick, Canada.

Cuts By Automakers May Nip Expected Recovery In Steel

NEW YORK (AP)—Cutbacks by automakers in orders for steel "may wipe out much of the expected recovery in January," Iron Age Magazine said today.

The Jan. 11 issue of the weekly metalworking magazine forecast a 10 per cent rise in January steel shipments over December. A pickup in orders from general steel users was cited.

The publication said the bad news from Detroit began to threaten the February - March outlook but added a qualification.

"Any pickup in automotive sales would result in immediate reinstatement of set-back orders," it said. "However, a major rescheduling of automotive tonnage is at best a hope, not an expectation."

The general improvement in orders since the first of the year reflects a shifting balance in the steel market, the magazine said.

As compared with late 1960, mills with a broad range of customers are favored by the shift, and mills with heavy automotive buyers are adversely affected.

The auto industry's consumption of steel last year reached a new high percentagewise in the first 11 months of 1960, with hot-rolled, cold-rolled and galvanized sheets accounting for 35.8 per cent of all steel shipments.

The magazine said 12 - months figures will show that 1960 was second only to 1955 in shipments of the three types of steel.

As against adverse influences "tempering early - year enthusiasm," Iron Age cited these good signs:

A seasonal pickup in tinplate, gains in seamless tubing for oil operators and reports of better business from warehouses, particularly in the Midwest, and a 15 per cent pickup over December at some large service centers.

Tax Collections Lag With Deadline Jan. 31

Only $282,266 has been paid in real estate taxes since the collection began Jan. 4, County Treasurer Vincent Judge said today at Lisbon.

The anticipated collection is $2,579,921 for the first half of 1960, according to the duplicate. Statements for 60,000 properties were mailed to 30,000 owners.

The deadline on current property tax is Jan. 31, after which a 10 per cent penalty is added, Judge said.

Military Figure Dies

WEST POINT, N.Y. (AP)—Sgt. Martin Maher, 84, who served as soldier and civilian more than 60 years at the U.S. Military Academy, died Tuesday after a long illness. Maher started his West Point career as a waiter. He joined the Army in 1898, serving at the academy as a swimming instructor and gymnasium custodian and later in other jobs. He was born in Ballyrine, Ireland, and came to the United States when he was 20.

Retired General Dies

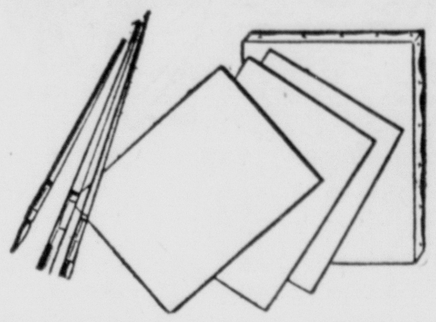

WASHINGTON (AP) — Maj. Gen. Joseph S. Bradley, 69, a combat commander in both World War II and the Korean War, died Tuesday after a long illness. When he retired in 1956 he was chief of the Military Assistance Advisory Group in Germany.

Ohio Also Can Move Sideways

Gov. DiSalle is such a clever hand at public relations that no one ever underestimates him any more.

His surprise move in telling the General Assembly that it must choose between going forward or going backward this year—that it either must pass a spending budget for progress or a stand-still budget for stagnation—may be a master stroke.

But it might be a dud, because even his standstill budget adds up to $2,245,624,000 and the go-forward budget is $150 million more. Members of the General Assembly, mindful of the shock their constituents will go into when they realize Ohio now is spending more than a billion a year for what their governor calls an "austerity program" will read the political tea leaves cautiously.

They will reject out of hand a choice between moving backward at the rate of $2,245,624,000 in the upcoming biennium, or moving forward by adding still another $150 million to that gargantuan total.

They will be mindful of their political option of moving sideways, as well as moving forward, or being pushed backward. And they will be mindful, too, of their option as taxpayers, themselves, of wondering about the theory that government must cost more year by year because money alone seems to represent progress to public spenders.

ONE OF THE interesting proposals in the Eisenhower administration's final budget message was a new department of operating efficiency, to show government how to make its money go further. This is one of the lively possibilities of state and local government improvement, too.

There is no point of satiety in public spending. Government will spend as much as it can get its hands on and still weep that it is being starved to death. As long as there is money in sight its minions will wheedle their constituents into asking for more handouts and benefits so the ever-rising cost of government can be justified. It is like dope addiction, except there is no penalty for peddling it.

IF THE SAME spending mentalities took over private enterprise, they would encourage all employes to ask for across-the-board raises, condemn all old buildings, demand new ones, pad the payrolls and urge the customers to ask for more service at no increase in price. Nothing would be too good for the big happy family.

Private enterprise would go broke under that kind of administration. It stays solvent because it makes do with what it has in sight, and by making do it generates the wealth that pays for the cost of government.

It is to be honed Gov. DiSalle will not call Ohioans niggardly if they insist that a billion dollars a year should cover every reasonable cost of state government, even if it means discouraging peddlers of spending schemes, perhaps including a few Ohio educators.

There is no disgrace in moving sideways—not at the rate of better than a billion dollars a year. The truth is there would be no disgrace in moving backward from the billion-dollar style to which Ohio government has become accustomed. Perhaps that's what Gov. DiSalle is trying to do — keep from cutting down by making it appear that anything but the limit would represent two and a quarter billion dollars' worth of austerity.

A Day Unlike All Other Days

One compelling thought will throb in millions of American minds this week and in millions of minds in other nations—that Jan. 20 will not be a day like other days. It will be different.

The United States will be changing administrations. New personalities and new policies will come on the scene of the world's most influential capital. There will be differences that will have marked effects.

Some will recall the change that occurred on Inauguration Day in 1933, when Franklin Roosevelt lifted the people's morale with an inspired speech explaining that fear itself had become their worst problem. There will be comparisons made with other changes of administration—with the change that occurred in 1953 when Dwight Eisenhower's inauguration mended the tattered morale left by the tax scandals and tireless politicking of the Truman administration.

There will be no doubt about it as the great day comes nearer. Inauguration Day is not a day like other days. It is a day like Christmas if Christmas came only once every four years. It is a day to celebrate and feel proud, to feel grateful and to feel humble. It is a day to remember. That is why hundreds of thousands of people flock to Washington. It is why the pace of national activity will slow and almost come to a halt next Friday.

BUT ON THIS Inauguration Day more than on some of its predecessors there will be a significant realization of reality, once the ceremony has occurred and the crowds have begun to disperse.

Nothing will have changed. All the problems that the Eisenhower administration was chided for not having solved will still be unsolved. There is nothing politicians can do to clear them away. Or if there is anything they can do, they have been doing it.

The young President will have no wand to dispel unemployment, no magic potion that distressed areas can drink to make them well. Obtuseness in the Kremlin will not go away, nor will sweetness and light prevail in Cuba.

Nothing Mr. Kennedy can say will lift the hearts of his countrymen more than they have been lifted by what has been said by others. For once in the nation's history, a new chief executive is coming to his responsibilities with no handicap of exaggerated expectation.

HIS PEOPLE and his friends abroad expect him to proceed with perseverance and intelligence to do the obvious things that have to be done. There must be a drastic change in the concept of depreciation allowances. Something positive must be done to create confidence in the intentions of labor leadership, so management can proceed with confidence to make the long-term plans that will provide jobs for American workers.

The United States must correct vigorously the image of a decrepit second-rate power painted tirelessly by loose-lipped campaigners who were attacking the Eisenhower administration up to the eve of Election Day.

There is work to be done, but no magic to be expected after Jan. 20.

Continuous Contact Approach

Whatever merit is in the industrial relations plan worked out between the Kaiser Steel Corp. and the United Steelworkers of America lies in the provision for continuous contact, with management, the union and the public equally represented.

Every industrial relations scheme proposed in recent years has included some form of continuous contact, to avert the head-on collisions that precipitated deadlocks in the past. There are no sudden emergencies in industrial relations, but there have been too many sudden efforts to deal with long-standing problems which grew into deadlocks.

Public interest was fanned to white heat by intensive propaganda drives, with both management and unions bombarding the public eye and ear with what each side claimed to be the whole truth and nothing but the truth. These drives would be done away with under more ideal circumstances. Continuous contact would reveal to both bargaining parties the advantages of balanced presentation, free from inflammatory charges.

Every steelworker, every steel company, every community geared to steel production and every consumer hopes the idea being tried by Kaiser Steel and United Steelworkers will work. After the 1959 steel strike, which never should have happened, there is everything to gain and nothing to lose by trying something new. Anything would be better than drifting into the kind of deadlock that tied up steel production for 116 days and produced the inventory chaos that has contributed so heavily to the current recession.

The Once Over

By H. I. Phillips

The National Planning Committee urges new President to go all out to drive into "noggin" of American public the plain unvarnished truth that the United States is threatened as never before. Why not?

The obvious fact is that Mr. and Mrs. America are superficial and stupid in viewing national danger as they whiz from luxury to luxury. They go by the past-performance charts and are confident Uncle Sam can never finish second.

Their clamor for more money, less work, shorter hours and more holidays drowns out appeals to face the facts, tighten belts and sense danger. You can get a yawn and a fast, "Sorry to have met you," if you bring up the question of life and death versus unconcern and destruction.

Joe Citizen thinks he is facing tough going when he sees a "Drive Slowly" sign. If he seems depressed it's because his motor is skipping.

He feels he is facing a frightful peril only when a sharp turn on superdooper thruway isn't banked. Tell him the Reds may be much stronger and he thinks you are talking about a big league ball club.

His fear of guided missiles seems no greater than his fear of a squad car. He regards a national emergency as a situation where he is refused a three-day weekend.

America is only on deadly danger, he will argue, if he doesn't get more federal aid, two extra holidays and a right to quit work at 4:30.

He regards a surprise attack as a sudden demand for his license from a motorcycle cop. He skips the news of rocket failure at Canaveral to read the sports news.

The height of sacrifice is walking instead of driving two blocks to the cigar store, postponing a car-wash, giving up a whitewall tire and not sitting down ascending an escalator.

This doesn't apply to all Americans, of course. But it goes for too many. And it may be largely because nothing worries them as much as the lack of an extra TV set and a second helping of white meat.

PLAN TO DISFIGURE Grand Central Station in New York through superdooper bowling alleys overhead looks permanently doomed. Its original beauty is marred by carnival type ads and sales-pitches. Bowling alleys would be the last straw. If ever permitted, why not pro wrestling arenas, dog tracks and dine-a-dance halls? Bowling is okay and highly welcome in proper spots. But great railroad stations are not such spots, say we.

The Gantlet

Kennedy Faces Feud With Labor

By Victor Riesel

John Fitzgerald Kennedy, in effect, was told where to go the other day—and it wasn't to the White House. The talk was tough on the afternoon of Tuesday, Jan. 10 in the "presidential suit" at New York's Hotel Carlyle.

Victor Riesel

It was tougher talk than JFK had heard since the Republicans gave up on the long count. But it came from a Democrat—an ardent and devoted campaigner, Joseph Daniel Kennan, who had traveled tens of thousands of miles as labor's advance man for the Kennedy caravan during the hectic election drive.

Joe Kennan, labor's most laconic leader, went up to the Carlyle tower for what many insiders describe as a blunt "showdown" talk with Mr. Kennedy.

Keenan, who is secretary and second in command of the influential International Brotherhood of Electrical Workers, had been pushed by national union chiefs first for secretary of labor and then for assistant secretary of defense in charge of manpower.

At a recent private conference the labor leaders were told that Kennedy had positively pledged the defense job to Keenan.

But nothing happened. Soon it became a matter of honor and prestige for the circle of veteran labor leaders for whom Keenan speaks. Relations between this group and the Kennedy people were strained. Talk was tense. Keenan was embarrassed. Thus it was when he walked into JFK's room.

KENNEDY was friendly. But he had nothing for Keenan in the new administration's group of 'New Frontiersmen' who would actually be making policy.

He told the labor leader that he could not name him to the Pentagon because he had pledged he would permit Robert S. McNamara to pick his own band of men, in the Defense Department.

However, said JFK, it was fine with him if Keenan wanted to go and work things out with McNamara.

You'll have my support, assured Kennedy. But this meant that Keenan would have to apply for an assignment. Keenan would not do this. He had a long government record. He was respected by industrialists as well as his own labor people.

He had behind him at least one presidential assignment as manpower chief of the Allied Control Commission for Germany in the post-war days.

And only a brief time before election day, John Kennedy had gone directly from the last Nixon TV debate to Madison Square Garden where the Electrical Brotherhood's Local 3 was running a mass rally.

Though this was a New York celebration and Joe Keenan is a Washington national official of the electrical brotherhood, Kennedy went out of his way to praise him heartily.

THEREFORE, as the two men growled at each other in the Carlyle suite the other mid-day, Keenan couldn't quite figure the change in attitude.

He took this both as a personal affront and rejection, too, of the building and construction unions. These units, which have some three million members have been the inner core of AFL strength since the days of gas lights and celluloid collars.

Keenan objected to Kennedy's attitude and suggestion that he go over to the Pentagon. Keenan told Kennedy what he thought—tersely but tough.

JFK then offered the labor leader an ambassadorship. That did it. Here the language must go unreported.

The union official, among other things, said he was not looking for a job. He said he had two responsible posts already. He was one of the leaders of the complex electrical brotherhood, now high in our sky-scraping system and missile program and he is a vice president of the AFL-CIO.

He added that he was not made for diplomacy. A few more words and then he left.

MORE THAN just one aggrieved labor leader walked out that door. Keenan, in effect, was speaking for 19 influential unions. They are politically wise and well organized. Some of them have never been happy inside the Democratic party. They believe that they have been ignored. They are talking — some of them—of "bolting." This talk does not come from Joe Keenan but from those who see him as a symbol of the new administration's relations with the conservative unions.

Other labor leaders are trying to patch things up. They are saying this is just Kennedy's way of proving he is not delivering to anyone—even old friends.

The interpretation does not matter. It's the beginning of a feud.

Success Or Failure?

By James Marlow

WASHINGTON

President Eisenhower, in his farewell address to the nation, put his finger on the very point by which history will judge the success or failure of his presidency.

How well in his eight years in the White House did he balance one national need against another?

That word "balance" had a major place in his talk Tuesday night. His emphasis on it pinpointed the dilemma facing any American president.

"Each proposal must be weighed in the light of a broader consideration: the need to maintain balance in and among national programs — balance between our essential requirements as a nation and the duties imposed by the nation upon the individual; balance between actions of the moment and the national welfare of the future.

"Good judgment seeks balance and progress; lack of it eventually finds imbalance and frustration."

There is no doubt that balancing is what the conservative Eisenhower tried to do. For him, as for any president, this required not only the judgment he mentioned but foresight enough to feel the future would justify his judgment.

Just because the future is so intricately wrapped up in what he did and decided not to do, in the programs he pressed and those he didn't, the results of his stewardship may not be discernible for 10 or 20 years.

He sounded confident Tuesday night, as he did earlier in the week in his budget message to Congress, that he had guided the country well. "America," he said, "is today the strongest, the most influential and most productive nation in the world."

Only the years ahead will have the answer to this self-appraisal of his presidency.

For instance, we won't know for years whether he put enough emphasis on and resources into missile and space development to stay abreast or ahead of the Russians or whether some failure to see future needs correctly gave the Soviets enough advantage in time and effort to enable them eventually to dominate the West.

In an earlier day—when scientific development was far less dominant in the national and international future — a president could be pretty well judged by the time he left office.

Not so with Eisenhower — at least not in entirety — because much of the American future is wrapped up in decisions whose consequences will be a long time unfolding.

Purely Personal

By Truman Twill

I am having no more trouble than most other people learning to think in billions, instead of millions, because the truth is we never learned to think in thousands, let alone millions and billions. That's inflation!

The only beef I have with Frankie Sinatra, well-known man about the entertainment world, is my impression of what he is like when he is not singing. When he is singing, which is what he is famous for doing, I think he is matchless.

If things work out as they usually do, it will be next midsummer before I'll be able to tick off the names of the people around John F. Kennedy, including middle initials, without peeking into my middle desk drawer where I keep a list of people whose names I haven't learned yet. I had Nikita Khrushchev's in there for a year before I learned to spell it.

It seems reasonable to suppose that by this time some genius in the great U.S. Navy must have sent around a memo about the heat generated by acetylene torches, or must a few more things be blown up and burned up?

It shocks me when I have arrived at the bleak conclusion that people are no good that this sweeping generalization includes me, the most broadminded, altruistic, generous, decent, loyal fellow you could want to know.

Psychologists are wondering why the young Negro woman at the University of Georgia is getting all the attention and the young Negro man is being ignored in brutalitarian outbreaks by race-haters. No psychologist, I figure it's because the young woman shows up better in photographs.

I never have been sung at full face, but as a member of a church choir and a college glee club I was sung close to and have deep admiration for TV performers who can withstand this trial of composure. Anyone yells at me face-on will get kicked in the shins and it will serve him — or her — right.

At one time I waded through books that someone said would be good for me, and some of them were worth the effort. Today, if a book has not engaged my interest at the end of the first two dozen pages, that's the end.

All we need to do to clean up the parking scandal is pass state laws providing that no state revenue may be used to subsidize dead storage of a handful of motor vehicles on public highways. This would put the pressure on local government, to prohibit parking on highways or give up its share of automobile taxes.

Kennedy As President

By David Lawrence

Foreign Leaders Will Shape White House Role

What kind of president will John F. Kennedy make? All over the world that very question is being asked but the answer will not be found in his campaign speeches. It will not be obtained by analyzing his personality or career in public service. In fact, the key isn't in Mr. Kennedy's possession at all. The following persons have the real answer:

David Lawrence

Premier Nikita Khrushchev of the Soviet Union.

Chinese Premier Mao Tse-tung of the Red China regime.

Prime Minister Harold Macmillan of Geat Britain.

President Charles de Gaulle of France.

Chancellor Konrad Adenauer of West Germany.

These five men control the future prestige of the Kennedy administration. For the United States cannot go it alone — it cannot overrule its allies or force its potential enemy to retreat. The Soviet Union, moreover, can produce crisis after crisis based on disunity or differences among the Western allies.

The notion that John Kennedy has become dictator of the world's destiny is fallacious. His hands are tied — just as were those of President Eisenhower. All the hysterical rantings of the critics about lowered prestige or lack of leadership by President Eisenhower ignores a simple fact — that the head of the American government is not the boss and that he has only one choice, between war or peace.

If he chooses peace, then patience and forbearance, which are easily misjudged as weakness, can be criticized once more.

Significantly, W. Averell Harriman, former ambassador to Russia and designated as ambassador-at-large in the new administration, said on a radio program, taped last Friday, that Americans will have to learn to live with the "cold war" for a long time.

Rep. John W. McCormack, the Democratic party's leader in the House of Representatives, in "radio news conference" on Sunday, took a different view as he accused President Eisenhower of "very weak leadership on the world level" and called for sacrifices to roll back Communist gains. He said:

"The American people in my opinion are warriors. We're not quitters. But the people should be given the truth and they're commencing to get it now through the newspapers."

MR. McCORMACK discussed Laos, Cuba, Berlin, the Congo and relations with the Allies. He spoke of Gen. de Gaulle as "concerned with his internal problems — a courageous man but uppermost in his mind is France internally and he's compelled to disregard the world situation."

While not saying so directly, Mr. McCormack implied that Prime Minister Macmillan is inclined to be an appeaser. He remarked that he was sorry to say that Macmillan is "following the pathways that Chamberlain took" when the latter "gave away to Hitler in the hope that Hitler would be satisfied." Mr. McCormack added:

"And Hitler showed that the road of appeasement is the road to war. We need firmness. It means one has got to be capable and have to take the calculated risk of action and firmness against the calculated risk of inaction."

This is an almost exact description of the art of "brinkmanship" for which the late John Foster Dulles was roundly denounced and ridiculed by many of the speakers of the Democratic party. Questioned about this, Mr. McCormack said that he had been one of the "strongest admirers" of Mr. Dulles's foreign policy in the last two years before the latter's death.

THE HOUSE Democratic majority leader also declared that defense expenditures should be stepped up because "that's a message to the Communists, to Khrushchev and them, that they understand." He added: "If they understand that President Kennedy is doing his own homework, is making his own decisions and when he makes decisions, he means it, that's the language they understand. That will do more to create the spirit, bring back the unity among our Allies. It'll stop countries from being neutral."

What does it all mean? That Mr. Kennedy is going to try to lay down the law to our Allies and tell them they must conform to American "leadership?"

Does it mean he will threaten Khrushchev with war if necessary? One wonders how he is going to get the Communists out of Africa and keep them from more aggressions in Southeast Asia. Will it be by offering more money to the "neutrals?"

HOW, MOREOVER, will Mr. Kennedy deal with Communist infiltration in the United States—by supporting James Roosevelt's efforts in the House to cut down the money used by the House Committee on Un-American Activities to uncover Communist operations in our own schools and colleges and to expose their efforts to undermine institutions here and throughout Latin America?

Mr. Kennedy already has many advisers. Some believe as Mr. McCormack does, while others want to hurry up and admit Red China into the United Nations and retreat on the Quemoy and Matsu question.

Mr. Kennedy has the sympathy and best wishes of many citizens who want neither war nor appeasement but, instead, a policy of armed patience in the face of deliberate provocations to war.

Letter To The Editor

The city of East Liverpool is now, and was in the past, a city of poor streets which are in constant need of repair. There are very few streets in our city which appear as if they belong in a city of over 20,000 inhabitants. Our main arteries are even in poor condition. They are either outdated or in terrible condition.

This winter is a good illustration of the poor upkeep our city furnishes us on our roads. The slow and ineffectual way they removed snow and ice was embarrassing to the city. The fact that our city was incompetant and used obsolete methods of removing snow was evident.

Traffic routing downtown is, in my opinion, ridiculous. The one-way traffic causes much conjestion during rush hours. The parking problem is another headache.

If a city income tax could be instituted there would possibly be funds available for improvement of streets. If the city would spend less money in haphazard repair jobs and enter into a plan of conscientious and planned rebuilding over a period of years, our streets could be improved. It is easy to observe the shabby attempts the city makes in attempting to keep the roads in repair. If more emphasis was put on rebuilding in a planned method than patchwork our streets and roads could be improved over a period of years, even with limited funds.

On the problem of snow removal, the purchase of one or two up to date machines would greatly alleviate this situation.

The parking situation could be altered by making the most possible use of available space. This has been done already to an extent but could be pursued further.

All of these things could and might be done only on one condition. The most necessary ingredient in this plan is funds which in East Liverpool are unfortunately not adequate. The people of this town, at least a per cent, have no civic responsibility. This town could do well to look at neighboring Pennsylvania if they think we have taxes. Ours are merely a drop in the bucket. If we had in East Liverpool a city income tax the first step in street improvement would be taken.

Police Hunt Attorney In Slaying Of 2

CLEVELAND (AP) — Police sought a husky, brown-haired attorney today for questioning in the shotgun deaths of his wife and a man who was a member of a prominent Cleveland law firm. Love letters found at the scene linked the two victims, detectives reported.

The body of Mrs. Nancy Shepler Ladutko, 29, was found Tuesday night in an apartment in the University Circle area on Cleveland's East Side. A 16-gauge shotgun lay across her body.

A trail of blood led from the apartment to a station wagon outside, where the body of Charles D. Johnson, 42, was found slumped over the wheel. Johnson, a partner in the firm of Baker, Hostetler & Patterson, apparently lost consciousness as he tried to drive away.

Mrs. Ludutko, a granddaughter of the late William L. Green, president of the American Federation of Labor, had passed her bar examinations and was a librarian with Johnson's firm.

Detectives found on Johnson and in his briefcase letters he and Mrs. Ladutko apparently had exchanged. One letter from Mrs. Ladutko said, "All I want to be is a woman with you and definitely not a lawyer," detectives reported.

Mrs. Ladutko left her husband two weeks ago and had filed for divorce.

She and her husband, John Max Ladutko Jr., 32, had lived for four years in a Bohemian-style apartment in what once was the garage of a big estate. Relatives said she had gone to the apartment to get some belongings and was to meet her attorney there.

Detectives said the landlord, Sorrel Dubin, told them Ladutko telephoned him at his office and said: "I caught my wife and her boy friend together and shot them both. Now I'm heading west."

Apparently there was a struggle, detectives said, noting that the stock of the shotgun was broken.

The 6-foot-2, 200-pound Ladutko and his wife had met at Cleveland-Marshall Law School, and both were graduated from the night school in 1957. Before that, Ladutko had studied for a degree in business administration at Ohio University. His father lives at Struthers.

Johnson lived with his wife and daughter, Cynthia, 6, in suburban Pepper Pike. Mrs. Johnson also was an attorney but resigned from law work when Cynthia was born.

The Johnsons were graduates of the University of Michigan Law School.

Man Faces Count In Death Of Wife And 11 Children

BEDFORD, Que., (AP)—Crown prosecutor Claude Noiseux said he will charge Abel Vosburgh, 63, with murder today in the death of his wife and 11 children, whose bodies were found in their burned shanty home Dec. 29.

A coroner's jury Tuesday night found Vosburgh, sole survivor of the fire, criminally responsible. As a crowd of 300 persons milled around outside the hearing room, Vosburgh denied he caused the fire and kept his family from escaping.

Vosburgh, an unemployed laborer, testified the flames awoke him and that he called to his wife, whom police said was dead before the fire started. Vosburgh said he then ran to a water pump outside their home in the village of Noyon, 35 miles south of Montreal.

Vosburgh denied he ever beat his 43-year-old wife. One of the four Vosburgh children away from home when the fire broke out, Irving, 18, testified his mother and father fought "about once a month" and that his father broke his mother's ribs during a fight four years ago. He also testified his father threatened to kill his mother, "but I don't know if he meant it."

Dairy Institute Slated For Jan. 25 At Salem

LISBON — Topics on dairy disease will be featured at the Columbiana - Mahoning Dairy Institute Wednesday, Jan. 25, at the Masonic Temple in Salem, according to Don Myers, county extension agent in agriculture.

Speakers will include Dr. Charles Reed of the Department of Veterinary Medicine at Ohio State University and J. W. Hibbs of the Ohio Agricultural Experiment Station. All interested producers may attend the meeting, planned by the Columbiana - Mahoning Dairy Committee in co-operation with the Agricultural Extension Service.

Bus Figure Claimed

KENT, Ohio (AP) — Lou J. Fageol, 54, former president and board chairman of the Twin Coach Bus Co. here died Monday in San Diego, Calif., it was learned. Fageol, a former resident of nearby Silver Lake, was internationally known as an automotive engineer and one-time speedboat driver.

Fageol also entered sports cars he designed in races all over the world.

Christian Youth Fellowship At Midland To Hold Banquet

Further plans for a "Youth Week" area banquet Feb. 2 were outlined at a meeting of the Midland Christian Youth Fellowship Sunday evening in the Methodist Church. Twenty-six young people from the Methodist and Presbyterian Churches were present.

The event is planned for Youth Week Jan. 29-Feb. 5. The theme is "Into All the World Together." The banquet will be held in the Presbyterian Church. Two plays will follow.

Youths from the Protestant churches of the area have been invited, including the Evangelical United Brethren in Industry, Ohio View Lutheran, Four-Mile United Presbyterian in Ohio Township, Fairview Reformed Presbyterian, Salem Presbyterian in Ohio Township and churches in Beaver. Counselors and ministers of the guest churches have been invited.

Allan Haggerty will be master of ceremonies. Arrangements are being handled by Mrs. John McNeillie and Mrs. Jack Haggerty, counselors.

It was announced that the young people of the Italian Christian Church of Midland are planning to join the local CYF.

Boys and girls participating in the plays are to meet for rehearsal tonight and Thursday at 8, Saturday at 2 and following morning worship Sunday.

Roger Bolland led devotions and Janice Castelli conducted the games. The next meeting will be held Sunday at 6 p. m. in the Presbyterian Church. Amy Wilson and Helen Petrosky will be in charge of devotions.

Brown a little chopped onion and green pepper in fat in a skillet; add drained canned red kidney beans and heat, mashing the beans a little.

Gov. Rockefeller's Son Faces Traffic Charge

BERLIN, Conn. (AP)—Michael Rockefeller, 22, son of Gov. Nelson A. Rockefeller of New York, has a date in court here Feb. 2 to answer a traffic charge.

Rockefeller's youngest son was arrested on the Berlin Turnpike by state police during a snowstorm Sunday night for driving 60 miles per hour in a 45 m.p.h. zone.

Rockefeller was charged with reckless driving and released an hour later when his family wired $100 bond.

Deaths and Funerals

Dale E. Kinsey Claimed At 35

Dale E. Kinsey of Waterson Ave., dental laboratory technician for his brothers, Dr. C. Marvin and Dr. R. Jay Kinsey, in the Little Building, died this morning at 1:15 at the University Hospital at Columbus, where he had been a patient for 2 weeks. He was 35.

He was born here, son of Mrs. Mabel Hyder Kinsey and the late Dr. Collin F. Kinsey.

He was a member of the First Church of Christ.

Besides his brothers and mother, he leaves his widow, Mrs. Mary Lou Woomer Kinsey, and two daughters, Mary Diane Kinsey and Lou Ann Kinsey, all at home, and another brother, Dr. David L. Kinsey of Columbus.

The Dawson Funeral Home is arranging services.

Floyd E. Nutter

Floyd Elmer Nutter of Waverly (Ohio) R. D. 3, a former area potter, died Tuesday at 5 p. m. at City Hospital after an illness of 6 months. He was 71.

He resided in this vicinity for 50 years and went to Waverly 6 years ago after retiring from the Taylor Smith & Taylor Co. He recently returned and was residing with a daughter, Mrs. Betty Govey, of Indiana Ave., Chester.

He was born in Macfarlan, W. Va., March 5, 1889, son of Mr. and Mrs. William Nutter. At one time he was employed at the former Chester American Sheet & Tin Plate Co. He attended the Free Methodist Church in Chester.

He also leaves his widow, Mrs. Ernestine Chestnut Nutter of Columbus; four other daughters, Mrs. Hazel Allison of Rochester, N. Y., Mrs. Hilda Akins of Chicago, Mrs. Olive Maratta of Aliquippa and Mrs. Mary Belle Lynch of Long Island; a son, Paul E. Nutter of Aliquippa; a sister, Mrs. Leora Campbell of Waterford, Ohio; two brothers, Edward Nutter of Phoenix, Ariz., and William Nutter of Alliance, and 13 grandchildren and 4 great-grandchildren.

Services will be held Friday at 2 p. m. at the Chester Arner Chapel by the Rev. Milo Smith, pastor of the Chester church, assisted by the Rev. Blaine Nutter, pastor of the Wellsville Free Methodist Church, a cousin. Burial will be in Locust Hill Cemetery in Chester.

Friends may call at the chapel tonight and Thursday afternoon and evening.

Mrs. Lillian Baird

Mrs. Lillian Bell Baird, 93, formerly of 1913 Michigan Ave., widow of William Baird, died this morning at 4:30 at the Ohio Valley Nursing Home, following an illness of several years.

She was born July 23, 1867, in East Springfield and resided in this area for 70 years. She was a charter member of the Grace United Presbyterian Church and its Home and Foreign Missionary Society for 54 years. She was a former Sunday School teacher of the Adult Women's Class and also a member and former president of the WCTU.

She leaves a daughter, Mrs. Allie Lawton of East Liverpool; a brother, Cyrus Miller of Cleveland, and several nephews and nieces. Her husband died in 1947.

Services will be held Friday at 2 p. m. at the Martin Funeral Home by the Rev. Edward John Phinn, pastor, assisted by the Rev. Robert Fogal, pastor of the Longs Run United Presbyterian Church. Burial will be in Riverview Cemetery.

Friends may call at the funeral home Thursday afternoon and evening.

Joseph R. Gill

Services for Joseph Robert Gill of Irondale, who died Tuesday at City Hospital, will be held Thursday at 2 p. m. at the Haugh Funeral Home in Wellsville. The Rev. James Millhorn, pastor of the Irondale Methodist Church, will officiate. Burial will be in the Chestnut Grove Cemetery near Irondale.

He was a member of the Irondale Church, the American Legion Post 655, also of Irondale, and the Clay Workers Union.

Friends may call at the funeral home tonight.

Wellsville

finance committee for further study. Councilman Donald Miller, finance chairman, said he feels the firemen are deserving of an increase and that what was stated in the letter is "very true."

Councilman Clarence Cartwright urged the committee to give the request "serious" consideration, pointing out "the men are at our service day and night."

Regular firemen now make $345 a month, the assistant chief receives $355 and the chief $365.

Councilman Aguin Bowling said that if the city didn't have to "carry" the refuse department, or if it was on a paying proposition, the money might be available for raises. The refuse collection has been operating in the red.

Councilman William Stroble said he feels the men need the raise but that any raise in refuse rates should be put on the ballot. This was then discussed. Council recently turned down legislation which would have increased the refuse rates.

Miller also pointed out that one of the fire trucks and the emergency truck housed at the fire station are owned by the volunteer department. Many residents believe they are owned by the city, he said.

In other business, Council instructed Mrs. Margared Baldwin, clerk, to write the Columbiana County Welfare department, requesting that a better quality food be distributed to those on city relief.

The action was taken on a recommendation of Stroble, who said he and Councilman Wilmer Ralston investigated distribution of surplus food in Wellsville. The food is a "disgrace," Stroble said. The surplus items include corn meal, some of which has been reported not fit to eat, lard, rice and sometimes cans of dried eggs.

He also suggested that a man on relief be used to drive the relief director around to investigate cases as the director must now walk or take the bus.

Legislation was ordered in to halt parking in Cherry Alley, Virginia Alley, Pine Alley and Mulberry and Maple Alleys from 3rd St. to 7th St., except for loading or unloading.

Cartwright asked why doctors have to pay for the privilege of a private parking space in front of their offices when the taxi stand does not. Safety - Service Director William Robinson recommended Council discuss various other problems which have come up since installation of meters and bring in legislation to govern them.

He said others such as plumbers, telephone men, etc., would like to pay to park all day if necessary, at a meter spot to carry on their work.

Council agreed to meet informally and discuss the problem.

Miller said the city is not in as good financial shape as appears on the auditor and treasurer reports for December. He said many of the departments ended the year in the black only because of fund transfers.

Miller also complained of motorists traveling the wrong way on one-way streets, ignoring stop signs, double parking, and that teenagers were purchasing whisky and beer in town.

The Freeport Sulphur Co. was granted permission to blacktop old Route 7 where it intersects with the present Route 7 so trucks can travel into their terminal.

The firm also reported in a letter to Council it plans to install a septic tank at the new terminal in compliance with regulations set up by the Columbiana County Board of Health. The firm said it will connect with the city system when the line is extended to its property.

Councilman Robert Taggart was absent. A brief discussion was held on the proposal the city consider a wage tax but Miller reported the finance committee had not met to discuss it. Cartwright, who was absent at the last meeting when the proposal was presented, said he would be opposed to adopting such a tax as an emergency measure.

found his shoes in the wrecked truck, he added. Kent also submitted a signed statement from a physician who treated him at City Hospital after he surrendered himself to police about five hours after the crash. The statement said Kent's injuries included concussion and he "was acting queerly."

After both sides of the story had been presented, the solicitor commented that the court would have to determine if Kent's case fell within the province of the state law on leaving the scene of an accident. The law provides that anyone involved in a traffic crash "and having knowledge thereof" shall stop at the scene and furnish necessary information. The crash was timed at 5:30 p. m. Kent gave himself up shortly after 11 p. m.

"You haven't explained satisfactorily to the court what prompted you to take the steps which you took," the judge commented. "By your own admission you knew you were in an accident. Why you left the scene is a matter of conjecture."

Ronnie L. Hackathorn of Leetonia faces a charge of failure to yield the right-of-way as an aftermath of the same mishap. He was identified as the driver of the car which pulled into W. 8th St. into the path of Kent's truck. Hackathorn's hearing was ordered continued until next Wednesday at 9 a. m.

asked to turn on porch lights to signal that they wished to make a contribution, Wright said. In this year's campaign, the women will call at every home, but householders will be asked to turn on their porch lights to help guide the volunteers through the darkness.

The East Liverpool women volunteers will have another meeting at the Travelers Wednesday, Jan. 25, at 7 p. m. to pick up coin containers and last-minute instructions. The Wellsville workers will pick up their supplies next Tuesday night at McGeehan's Restaurant.

The drive officials appealed for additional women volunteers in both communities. East Liverpool women willing to help may telephone Mrs. Anderson at FU. 6-4363 before 6 p. m. and Mrs. Crooks at FU. 5-4785 after 6. In Wellsville, volunteers may call Mrs. Beatty at LE. 2-1306 before 5 p. m. and Mrs. Broderick at LE. 2-3033 after 5.

the state's utility rate-base formula to reduce bills of consumers.

The three unemployment benefit bills which received their first hearings Tuesday night approach the problem in three different ways.

One, sponsored by Rep. James P. Kilbane, D-Cuyahoga, would extend benefits from 26 to 39 weeks for a 3½-month period at a cost, Kilbane estimated, of not more than $36 million and not less than $30 million. He estimated that about 75,000 Ohioans now have exhausted their maximum benefits.

No Highway Deaths In '60

Wellsville remained free of traffic fatalities during 1960, Police Chief John B. Hephner said in his annual report to City Council Tuesday night.

No deaths were recorded in 1959 but the city had 3 in 1958.

Seven persons were injured in the 143 accidents investigated. Of these, 122 were two-car accidents, 10 three-car accidents, one a six-car mishap, 8 involved fixed objects, one a motor scooter and one a bicycle. Forty-three persons were charged with violations.

The department answered 2,663 calls and made 510 arrests. Of these, 146 were for violations of city ordinances, 11 for state laws or felonies and 329 were traffic violations.

In the traffic breakdown, 151 were violations of road and driving laws, 11 of traffic and motor vehicle laws, 31 driving while under the influence of alcohol and 136 parking violations.

The department also registered 1,102 parking meter violations.

Not included in the arrest figures were 62 juveniles. Fifteen received warnings by Chief Hephner, 23 were given warnings by Mayor William J. Shoub and 24 were sent to Juvenile Court at Lisbon.

Chief Hephner reiterated a request for an additional patrolman. He said "Due to the increased amount of work taken on by this department in the last year and the increase in our investigations over previous years, I again call to the attention of Council the need of another full-time patrolman so that we may be able to give the public the best of service."

Daredevil Divers Find Debris, But No Life In Tower

NEW YORK (AP)—Daredevil skindivers plunged deep into the murky North Atlantic Tuesday night to penetrate—for short distances—the sunken Texas Tower radar station.

They found much debris, but no sign of life.

Further exploration of the storm-wrecked tower was held up until "hard hat" deep sea divers could stand by at the openings to assist divers using self-contained breathing units.

The skindivers descended 160 feet to the stricken station, which is apparently resting on the ocean floor at a 45-degree angle.

The Navy Tuesday reluctantly abandoned all hope of finding any of the tower occupants alive. Dead or missing are the 14 Air Force men and 14 civilian workers who were aboard the station when it collapsed Sunday night under pounding seas and gale-force winds.

Rescuers had been spurred by mysterious tapping sounds from the tower, indicating survivors might be trapped in watertight compartments.

"It is now a salvage operation," said Rear Adm. Allen M. Shinn, who directed the fruitless rescue attempt from aboard the aircraft carrier Wasp.

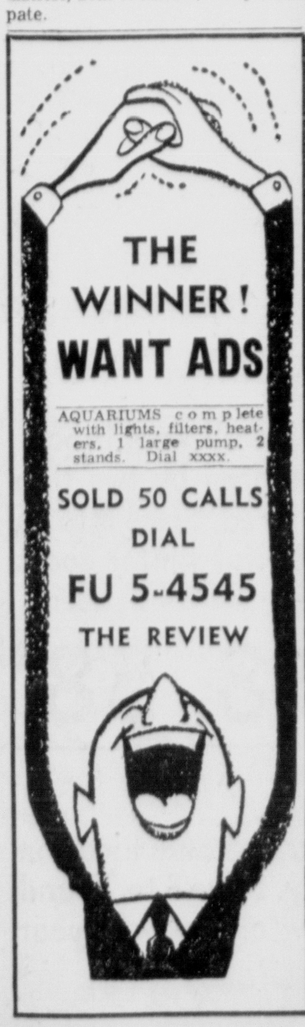

200 Shawnee District Scouts To Attend Camp

LISBON — Some 200 Boy Scouts in the Shawnee District are expected to attend a Polar Bear camp this weekend at Camp McKinley. The camp will be held Saturday and Sunday.

They have three daughters, Mrs. Iantha Bryan of East Liverpool, Mrs. Flora Mae Bontempt of Daytona Beach, Fla., and Miss Peggy Campbell of W. Palm Beach, Fla., and there are 11 grandchildren, 18 great-grandchildren and 4 great-great grandchildren.

275 Horses, 22 Mules, Burro Will Be In Inaugural Parade

By ARTHUR EDSON

WASHINGTON (AP) — Everything seems about ready for John F. Kennedy's big presidential inauguration Friday, including 275 horses, 22 mules and 1 burro.

This livestock statistic was hurled out today by a breathless inaugural committee.

Many of its earlier tidbits dealt with the latest formidable weapons the armed forces will display, and with the electronic gadgetry aimed at keeping the parade on time.

But in news release No. 185, issued today, the committee did a complete about face.

"In no other parade," the committee proudly reported, "have there been so many horses."

This seems surprising since horses were standard presidential locomotion in the old days and Warren G. Harding was the first to forsake them and ride to his inauguration in an automobile.

But admittedly 275 add up to a lot of horseflesh, and of course the Army is prepared. Two horse ambulances, each with a veterinarian and an assistant, will be parked along the parade route to assist any beast needing first aid.

The mules wear miniature fezzes between their ears. Their sponsors are the Colorado Springs, Colo., Al Kaly Temple of Shriners. The burro, symbol of the Democratic party, will pull a miniature float preceding the mule train.

What started out as one inaugural ball Friday night has now branched out into five. Two more were added Tuesday, which will give us dancers room for whirling, or watching, away in four hotel ballrooms and the National Guard Armory.

No one seems to have paused long enough to count the tickets sold, but the figure usually used is 25,000, a fair-sized crowd when you remember that the cheapest ticket costs $25 and that a box seating eight brings in $320.

Retired Editor Dies

NEW YORK (AP) — Laurence Vale Updegraff, 76, a retired assistant Sunday Editor of the New York Times, died Tuesday. He had been a member of the Times staff for nearly 50 years, retiring in 1958. He was born in Grinnell, Iowa.

There are 228 institutions of higher education in the United States for men only and 252 for women only. Co-educational institutions number 1,531.

Calcutta PTA Donates $200

A total of $200 in contributions was authorized when the Calcutta Parent-Teacher Association met Monday night in the elementary school. About 54 attended.

The group donated $25 to a Welfare Committee and $175 to buy reading aide books for the school.

In the absence of George VanHorne, executive head of the Beaver Local School District, who was to have been guest speaker, Roy Cashdollar outlined extra-curricular activities and discussed "team teaching."

Cashdollar is principal of the Beaver Local elementary school. "Team teaching" is an experiment of two first grade teachers at Calcutta, Mrs. Ann Kirkbride and Mrs. Eleanor Rice.

Urban Petros, Calcutta principal, also spoke on the experimental program of teaching reading classes. The second grade of Mrs. Vada Faloon and Mrs. Lucille Smith's third grade tied for the attendance award.

Walter Lineberry, president, presided. The next meeting is Feb. 20.

Ethelyn Exley Named Head Of Nurses Alumnae

Miss Ethelyn Exley was elected president of the Nurses Alumnae Association Monday night in the classroom of City Hospital.

Other officers will be Mrs. Betty Steffen, first vice president; Mrs. Dorothy Glynn, second vice president; Miss Barbara Simcox, secretary; Mrs. Ila Shingler, treasurer, and Mrs. Ruth Rinehart, trustee. Mrs. Alice Allman, Mrs. Edith Barnhart and Miss Kate Connell are holdover trustees.

Mrs. Sally Crawfordd, retiring president, conducted business. New members received were Mrs. Fredonia Stacey, Miss Frances Amato, Miss Judy Kittridge and Mrs. Gail Parsons Gill.

Juniors serving on the social committee were Misses Linda Fitzsimmons, Sandy Cooper, Cynthia Coursin and Beverly Hayes. An arrangement of pastel flowers flanked by lighted tapers in silver holders decorated the buffet table.

The next meeting is Feb. 20.

Mr. and Mrs. William Burnip of N. Jefferson St. are parents of a daughter, Janet Louise, born Jan. 14 at Salem City Hospital.

Mr. and Mrs. Richard Kuhns of E. Chestnut St., are the parents of a son born Jan. 16 at Salem City Hospital. Mrs. Kuhns is the former Joan Neill.

TODAY'S STYLE. A necklace goes to milady's head in this creation of snowy baroque pearls. Worn tiara fashion atop a short coiffure, the three-strand bib sparkles equally at home around the neck. A shower of pearls and crystals cascades from the ears, and the bracelet matches it.

Midland Group To Take Part In Inaugural Event

Several from Beaver County were to leave today to attend the Presidential inauguration ceremonies beginning tonight. Atty. Robert Masters of Midland and wife will take part.

Masters will represent Midland Burgess Eli Corak, county Democratic chairman, who could not go because of work on the borough's tax structure.

Also attending from Midland are Ernest Gengarella and wife. Others from Beaver County attending are Commissioner James Ross and many county officeholders.

Masters car will bear a special inauguration license plate, 899, given him by Rep. Frank Clark of the 25th Congressional District.

Masters and Gengarella and their wives plan to attend the reception for Vice-President-elect and Mrs. Lydon B. Johnson. The wives will attend a distinguished ladies luncheon Thursday afternoon at the Mayflower Hotel.

The party will also attend a luncheon after the inaugural ceremonies Friday at the House of Representatives' restaurant.

Seating in a reserved section has been provided for viewing the parade. The county delegation will attend the Inaugural Ball at the Mayflower Hotel, one of three. Gov. David Lawrence and the state delegation will have quarters at the Mayflower.

Dr. F. E. Reinartz Becomes Head Of Lutheran College

Dr. F. Eppling Reinartz, a native of East Liverpool who with his father served as ministers of St. John's Evangelical Lutheran Church here for 52 years, has become president of the Lutheran Theological Southern Seminary in Charleston, S. C.

Taking the helm of the seminary, Dr. Reinartz ended nearly 14 years as secretary of the United Lutheran Church in American with headquarters in New York City.

Dr. Reinartz had been secretary of the United Lutheran Church since 1947. He previously had served as the first secretary of promotion from 1938 to 1945. He was pastor of Holy Trinity Lutheran Church in New York City for a year before being elected secretary.

The 59-year-old clergyman served 8 years as pastor of St. John's, succeeding his father, the late Dr. John G. Reinartz, who held the post 44 years.

Production Executive Named By Newspaper

CINCINNATI (AP) — The Cincinnati Enquirer has named Henry E. Drafahl vice president for production. Drafahl came to the Enquirer in 1958 as production superintendent after holding a similar post on the old Cincinnati Times-Star.

Directors re-elected all other officers Tuesday and voted the regular 40 cent quarterly dividend, payable March 31.

Purse Is Returned

CLEVELAND (AP) — A purse containing $23,000 in checks and securities stolen last Thursday from Mrs. Karl W. Winzer of suburban Rocky River was returned to her Tuesday, but $200 in cash was missing. The purse was stolen as Mrs. Winzer was trying on a dress at a downtown store. Police said the purse was found under a bed in the furniture department of another store.

Detroit Man Submits High Bid On Property

CHICAGO (AP)—Michael Martin of Detroit has submitted an apparent high bid of $45,000 for the naval industrial reserve aircraft plant in North Perry, Ohio.

The property, offered for sale by the General Services Administration, consists of 78 acres on the Lake Erie shore, six test buildings, six other structures, three 50,000-gallon fuel storage tanks and pumping facilities.

Science Fair Rules, Regulations Compiled

Rules and regulations for the annual Tri-State Science Fair, slated March 18-20 at Westgate School, are being prepared in booklet form for area students.

District teachers are contacting pupils interested in enfering exhibits for the fair, and those planning to participate will receive the booklets, James Roslund and William Webber, co-chairmen, announced.

Dayton Man Elected Head Of Ohio Bakers

CLEVELAND (AP) — Earl F. Weisbrod of Dayton has been elected president of the Ohio Bakers Association. The election Tuesday night closed the association's meetings here.

Other new officers: William Thie, Cincinnati, vice president; Clark Coffman, Columbus, executive secretary, and Morgan Pennington, Cincinnati, treasurer.

Boroughs Get Vote Deadline

In preparation for the May 16 primary in Beaver County, Feb. 24 is the deadline for reports from boroughs and towns listing offices to be filled at the Nov. 7 general election.

The office of William B. Smith, director of the Bureau of Elections in Beaver, said secretaries of the municipalities will make out full reports which include offices to be filled in the school districts.

Petitions are expected to arrive about Feb. 13 at the bureau and may be picked up then by those seeking nomination in the primary. Petitions cannot be circulated until after Feb. 21 and they must be filed by March 13.

The last day to withdraw petitions is March 20. The last day to register for new voters and those who changed their name or moved is March 17. Voters may now change their party affiliation.

The fall election will concern mostly local offices. On the county level, two jury commissioners will be elected.

Flier Escapes Injury

WARREN, Conn. (AP) — Lt. (J.G.) Donald E. Rich of Dayton, Ohio, was one of three Navy fliers escaping injury in the emergency landing of their single-engine airplane in a hayfield near here Tuesday. The plane, heavily damaged, was an airborne early warning aircraft, land - based but equipped to fly from a carrier.

DOLLED-UP. Other men may start a business on a shoestring, but Italian puppet-maker Ugo Gay finds his livelihood virtually hanging by a thread. He has set his creations up for display at the open-air bazaar in Rome's Piazza Navona. The figures represent Crusaders, Moors, kings and assorted characters and are for sale.

Power Fund Has Balance

EAST PALESTINE — The municipal electric plant, which produced a million more kilowatts in 1960 than in 1959, showed a $2,800 balance in funds at the end of the year, but the street department ended in the red, George McGuckin, safety-service director, reported today.

The electric plant receipts totaled $313,328, with expenditures of $310,599, for a balance of $2,729. The plant produced 18.9 million kilowatts, up about a million from the previous year. The record output was 19 million plus around 1952.

The plant used 39,272,000 pounds of coal last year.

The street department took in $69,384 and spent $71,183 for a $17,098 deficit. Sewer department receipts amounted to $23,703, expenses were $28,898, but with a previous balance of $9,000, the department ended with some $3,400 in funds.

The water department received $38,563, spent $37,132, with a previous balance of some $2,500, so ended the year with about $3,900. The department pumped 536,927,000 gallons. The record was some 6 million in 1952.

Lisbon Lions Due Talk On Civil War

LISBON — John Markanton of Apples Corners, captain of Co. A, 7th Medium Tank Battalion of the Army Reserve, will speak on the Battle of Bull Run of the Civil War at the annual charter night banquet of the Lions Club tonight at the Methodist Church.

Markanton, 32, a credit investigator and student of the war history, will utilize a terrain map to depict troop movements and strategy of the 1861 battle in Virginia.

Dr. John Snively of Minerva, zone chairman, will speak on "Lionism," and George McCullough of East Liverpool, junior deputy district governor, will present attendance pins and awards.

Atty. Howard Cole will be toastmaster. Lester Pribble, president, is in charge. Music will be provided by Miss Harolen Knight and Paul Kosower, both of Lisbon.

Committees Selected For Medical Society

Dr. Leonard Pritchard of Columbiana, new president of the Columbiana County Medical Society, named committees at a meeting Tuesday night at the Hotel Wick at Lisbon.

About 36 attended the meeting at which a talk on psychology in medicine was presented by a University of Pittsburgh Medical School staff member.

The next meeting is Feb. 14.

ELHS Band Mothers Advised Of 4 Events For Music Group

Dates of four events were announced by Vincent Maola, supervisor of instrumental music, at a meeting of the ELHS Band and Orchestra Mothers Tuesday evening in Memorial Auditorium. They are:

Feb. 4 — band and orchestra music festival at Ohio Wesleyan University at Delaware.

Feb. 11 — pop concert at the Memorial Auditorium beginning at 7:30 p. m. Tickets may be obtained from students or at the door. The High School Dance Band will furnish the music for dancing after the concert.

Feb. 24 — Columbiana County Music Festival to be held in East Liverpool and the place to be announced.

May 6 — Spring concert at the Memorial Auditorium.

Maola also spoke on the continued improvements to the band room.

The meeting opened with the Lord's Prayer led by Mrs. Earl Locke, followed by business conducted by Mrs. Richard Curren, president.

Mrs. Chester Brown, project chairman, announced success of the recent candy sale and that the next project will be a Tag Day April 1.

The president announced the band and orchestra dinner-dance will be held April 29 at the Country Club and will feature Eddie Frazier's orchestra.

Mrs. Locke introduced a quartet from the Second Baptist Church, "The Chordettes," who presented several selections.

The next meeting is Feb. 21.

Newell Sales Set By Band Parents

Plans to sell dish cloths, Easter candy and women's spring purses to raise funds were approved when Newell Band Parents met Tuesday night in the American Legion home.

Proceeds will be used to purchase new band uniforms for Wells High School.

Devotions were led by Mrs. John Quick and 13 were present. Mrs. Robert Ingram, president, was in charge of business.

Hostesses were Mrs. J. E. Hall, Mrs. Ralph Fletcher and Mrs. Charles Lawson.

The next meeting is Feb. 21 and each member is to bring a guest. Junior Band Parents members also are to attend.

Hostesses will be Mrs. Alyce Ann McDevitt, Mrs. Quick and Mrs. Ray Bailey.

Prince Of Peace Event Will Be Held Sunday

The six district winners of the semi-final contest in the Prince of Peace program held last Sunday at Columbus will compete for top honors Sunday at 7 p. m. in the Veterans Memorial Hall in Columbus.

The winners are from Sandusky, Newcomerstown, Massillon, Urbana, Akron and Middletown.

The county's entry was eliminated Jan. 8 at Youngstown and this district's winner lost out in the semi-finals.

The program is sponsored by the Ohio Council of Churches, Department of Christian Education.

CPA To Hold Open House At City Center

Plans for an open house at the Columbiana County Affiliate of the United Cerebral Palsy Association headquarters were made at a meeting of the group Tuesday night at the Mary Patterson Memorial.

Lawrence Zollinger, president, appointed a committee to plan the public visitation sometime in April or May, designed to get more people in the central and northern part of the county interested in the program.

Richard Brian of East Liverpool was named chairman of the committee, which includes Atty. John McDonald, Atty. Paul Tobin, Mrs. Dorothy Horsley and Mrs. J. Donald Thompson.

Discussion was held on obtaining an insurance policy for children who are in the Cerebral Palsy program. Miss Kathleen Potter, executive secretary, is to send a list of names of children to state authorities to be included in the policy.

Zollinger reported on his attendance at a UCP conference at Chicago in November.

Other reports were given by Miss Potter. The president also spoke of the Christmas party sponsored jointly with the Parental Group. A letter of thanks will be sent to the Key Club of the high school for assisting.

About 15 attended the meeting. The next is Feb. 21.

President Re-Elected By Dairy Herd Group

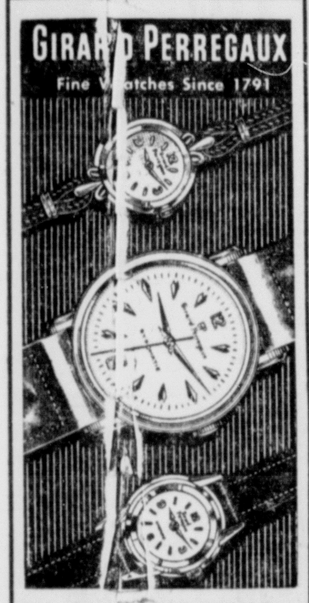

LISBON — The Board of Directors of the Columbiana-Mahoning Dairy Herd Improvement Association re-elected Bob Witmer of Columbiana R. D. as president at a meeting Tuesday afternoon at his home.

Harold McCullough of Salem R. D. 2 was elected vice president, and Don Myers of Lisbon, secretary and Blaine Hart of Salem R. D. 2, treasurer, were re-elected.

In other business, the group decided to move testing supplies from the county extension offices to the Hart residence and to buy a carrying case for the Milk-O-Meters used in testing milk in pipeline milking systems.

Witmer presided.

Before Talks With Soviet

Kennedy Needs 'Breather' To Get Policies In Shape

WASHINGTON (AP) — The incoming Kennedy administration needs a foreign policy breathing spell of several months after inauguration to get its policies in shape for major negotiaitons with the Soviet Union.

Well-informed diplomats believe President-elect John F. Kennedy and his secretary of state-designate, Dean Rusk, will seek to avoid any important new foreign commitments or proposals until next spring or summer.

Meantime Kennedy and Rusk will have to deal with crises as they arise. The most urgent of these at present is the civil war in Laos where both the United States and the Soviet Union are involved through aid to the contending factions.

The breathing spell, as the diplomats see it, will be a period of intensive policy review in Washington and probably top-level Allied consultation. There is some speculation that after a period of months Kennedy might be interested in arranging a completely informal, brief, talk with Soviet Premier Khrushchev.

Certainly, it is believed here, Kennedy would want to meet with Allied leaders briefly and informally before any get-together with Khrushchev. There also is speculation that perhaps in the spring he would undertake a flying visit to Europe to see such men as British Prime Minister Harold Macmillan, French President Charles de Gaulle and Chancellor Konrad Adenauer of West Germany.

Kennedy has been in frequent touch with Rusk, whose headquarters are in the State Department. Their conferences are understood to have been primarily concerned with developments in Laos, Cuba, and other trouble spots and with the selection of chief officials for the State Department.

One early move which the experts consider probable is the recall from Moscow of Ambassador Llewellyn Thompson for consultation. Kennedy is sure to be under steady pressure from Khrushchev to say whether he would eventually be willing to have a summit conference.

Nation Advised To 'Relax' In Steel's Labor Troubles

WASHINGTON (AP) — A government task force assigned to study the steel industry's labor troubles came up today with one word of advice to the nation—relax.

The whole problem and its effects on the national economy are highly exaggerated, according to the surprising findings submitted by a staff headed by Prof. E. Robert Livernash of the Harvard Graduate School of Business.

Here are some of the task force's conclusions:

1. Actual adverse effects of steel strikes have not been of serious magnitude.

2. Neither have steel wage or price changes been serious in terms of the over-all economy, or in influencing other price and wage levels.

3. Little can be gained from changing the labor laws for dealing with national emergency strikes. Existing economic pressures are more effective persuadess. If the government has to get into a steel dispute, it should be on an informal basis at "truly critical stages."

4. Serious consideration should be given to advance arrangements so that in any future steel strike a few mills would be operated to insure enough steel for national defense needs.

The quicker everybody realizes how the steel labor problem has been exaggeratd in the public mind, the study suggests, less attention will be paid the periodic steel labor bargaining, and probably fewer strikes will ensue.

Crop Varieties Bulletin Lists New Oats Hybrid

LISBON — Ohio's recommended list of crop varieties and corn hybrids for 1961 contains a new oats variety which will be of interest to area farmers, according to Don Myers, county extension agent in agriculture.

The new oat variety is Clintland 60, similar to Clintland in plant and kernel characteristics with performance equal or better than Clintland.

Recommended wheat varieties for Ohio include Fual, LaPorte, Lucas, Vermillion and Seneca.

The new crop varieties bulletin is available at the County Extension Office, 113 S. Market St.

Band Boosters To Air Projects At Salineville

The Salineville Band Boosters Club will meet tonight at 7:30 at the high school cafeteria to plan the spring activities program, Mrs. Kathleen Griffith, president, announced.

Mrs. Earl Rogers of Summitville visited here Tuesday.

Mrs. Roxie Cox of Monroe Heights is visiting a daughter in Kentucky.

Miss Margaret Mulhearn of Youngstown spent the weekend with her parents, Mr. and Mrs. M. F. Mulhearn, of W. Main St.

LOBLAWS

WE GIVE AA STAMPS

STAMPS MEAN A DISCOUNT ON *Every* ITEM AT LOBLAWS

Four stamps equal one cent. That's the cash value you receive in All American "AA" Stamp merchandise with your stamps from Loblaws. So everytime you buy a loaf of bread, a pound of butter, a package of meat, a bag of potatoes, a can of frozen orange juice, a box of soap flakes or any others among our stores' 5,000 items, you get a discount with stamps. One stamp with each dime spent.

Remember, you not only get a stamp discount at regular low prices, but also at reduced prices (A discount on top of a discount). Periodically, you get stamp coupons and bonus stamps with normal purchases. Last year Loblaw customers realized a bonanza of many dollars in extra stamps at no extra cash outlay. These were in addition to normal stamp savings.

No wonder four out of five families save stamps. When a customer averaging as little as $10 a week at Loblaws can save as much or more than 80 cents a week with stamps, you realize their amazing value.

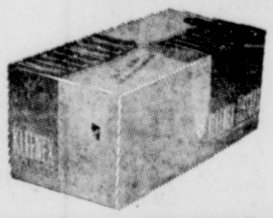

HERE ARE MORE LOBLAW VALUES TO HELP YOU . . .

PAMPER YOUR BUDGET

This week at Loblaws, as always, you'll find many nationally known products at low prices. You'll also find in all departments many items that represent extra values to save you money plus stamps free with your purchases.

First Baptist To Be Host

Workshop To Be Held By Sunday School Staff

A Sunday School teachers' institute and workshop will be held at the First Baptist Church Friday and Saturday.

Miss Mary Meadows of Granville, director of children's work for the Ohio Baptists, will be director.

A general session with all teachers will be conducted Friday at 7:30 p. m. by Miss Meadows, of special interest to those who wish to become teachers.

Group discussion will be "Where We are Going and Where We Have Been?"

Saturday morning at 10 several other Baptist churches of the area will be represented and the Vacation Church School material will be introduced. Participating churches will include Martins Ferry, Steubenville, Mt. Moriah and East Liverpool. Lunch will follow.

At 1 p. m., the teachers will take part in a preparation for "what to look for" in the actual teaching that will be held from 2 to 3 p. m. with primary age children.

MISS MARY MEADOWS
She'll Direct City Institute.

The final hour will be spent in an evaluation.

Georgetown Man Fined For Wreck

A Georgetown driver was fined $10 and costs Tuesday by Squire John D. Herron of New Cumberland following a two-car crash early Monday morning north of New Cumberland.

Francis O. Soisson, 44, was cited on a charge of failure to have his station wagon under control after it rammed into the rear of another station wagon, Hancock County sheriff's deputies reported.

Soisson's 1957 model station wagon hit the rear of one operated by William C. Oyster Jr., 42, of Chester R. D. 1, as Oyster was halted for a school bus.

Soisson's vehicle slid on ice and later ended up in a ditch along State Route 2. The mishap occurred Monday at 7:45 a. m., about a mile and one-half north of New Cumberland.

Deputies listed $300 damage to Soisson's Chevrolet and $400 damage to Oyster's 1957 Ford.

Beaver Falls Bridge Repairs Authorized

BEAVER FALLS — Repairs amounting to $2,030 to the 10th St. Bridge in Beaver Falls were authorized Tuesday by Beaver County commissioners.

They will be made by the American Bridge Co., which is installing a new steel deck at a cost of $173,000.

Commissioners allocated $2,000 to the Beaver County Humane Society and $2,000 to the Harmonie Association for Old Economy.

Building Loan OK'd

DELAWARE, Ohio (AP)—Ohio Wesleyan University today announced a federal building loan of $2.1 million has been approved for the university pending final acceptance of building plans. New residence facilities for 200 men and 200 women, and a student infirmary and clinic are being planned for the campus.

PTA Will Seek Road Barriers

HAMMONDSVILLE — Plans for requesting the State Highway Department to erect guardrails along a section of Route 213 were discussed when the Parent-Teacher Association met Monday night in the elementary building.

It was pointed out that a section of the state road south of Huyghe-ville near the Yellow Creek intersection lacks adequate safety barriers.

The highway is adjacent to Yellow Creek and is the road used by Stanton Local school buses traveling to and from riverfront communities and Irondale and Hammondsville.

The group authorized Mrs. Joan Sprague, secretary, to correspond with the State Highway Department about the proposal.

A discussion also was held on possibilities of starting a health clinic for pupils. Mrs. William Burton, president, presided.

A tie resulted for the attendance banner award between the first and second grades of Mrs. Lena Crook and Mrs. Olivia Graubner's third and fourth grades.

The next meeting is Feb. 20.

Injunction Denied For Water Tank

NEW CUMBERLAND — Judge Ralph Pryor denied a temporary injunction to halt the building of a million-gallon water storage tank Tuesday in Circuit Court by a group of Weirton residents.

Eighteen residents of the Palm Dr. section of Weirton asked the temporary restraining order. Judge Pryor set Jan. 25 at 11 a. m. for further argument.

Judge Pryor also ordered Weirton City Council to proceed with negotiations for the site of the proposed tank. He ordered Council to accept or reject the site but to take no action on a property sale contract.

The property in question is owned by Dr. E. E. Seig and is about 115-x-210 feet. Dr. Seig has offered it to the city for $16,000.

Palm Dr. residents called the price "excessive" and said the site is "inadequate."

Steelworkers Director Will Be Given Dinner

Kay Kluz of Ambridge, acting director of District 20, United Steelworkers, will be honored at a testimonial dinner and program Sunday at 4 p. m.

The event will be held in the Ukranian Club at Aliquippa and is being arranged by the "Lamp Post Gang," a group of boyhood associates in Ambridge.

Some 550 are expected to attend.

Among speakers will be Rep. Frank M. Clark of the 25th Congressional District, Beaver County Judge Robert McCreary and H. G. Squires, Ambridge school superintendent.

Clarkson Church To Name Officers

New officers of the Clarkson Presbyterian Church and Sunday School will be chosen at the annual congregation meeting Sunday morning following worship led by William McIntyre, student pastor. Reports of church groups will be heard.

The Clarkson Grange will meet Thursday night at 8 at the Grange Hall with Reuben Lunger, master, in charge. Mrs. Lois Swaney, lecturer, will be in charge of the program.

Mr. and Mrs. Louis Hole are spending the winter at their home at Ft. Myers, Fla.

Mr. and Mrs. Albert Hole and daughters have returned after visiting at Ft. Myers.

Mrs. Anna Smith and Mr. and Mrs. Harold Smith and sons of Columbiana were Sunday guests of Mr. and Mrs. Harry Thompson and Mr. and Mrs. Robert Smith.

Mr. and Mrs. Raymond Watson and daughter and Mr. and Mrs. Dale Dyke and sons were Sunday dinner guests of Mr. and Mrs. Joseph Marks of Cambridge.

Enters Innocent Plea

HAMILTON, Ohio (AP) — William Collins, 71, has pleaded innocent in Common Pleas Court to a charge of first-degree manslaughter in the Christmas Eve shooting death of Jack Tarra, 27, his son-in-law. Police said Tarra was shot after he tried to kick in the door of Collins' home.

Farm Bureau Group Discuss Tax Programs

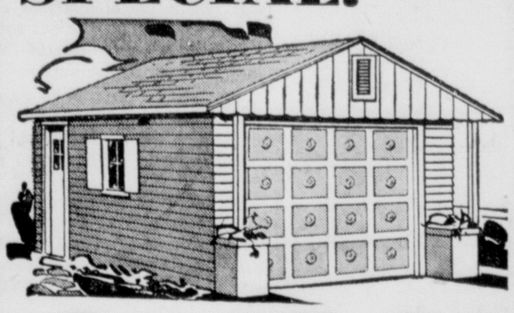

SALINEVILLE — Tax programs in general were discussed when the Southern Jets Farm Bureau Council met Tuesday night in the home of Mr. and Mrs. Wilbur Hayes of R. D. 1.

The group also discussed the state's action of condemning the Columbiana County Home.

Herbert Frishkorn, president, presided. The Rev. Joseph Varner Jr. led devotions. Refreshments were served by the hostess. Fifteen attended.

The next meeting will be held with Mrs. Frank Smith and Mrs. Laura Meyers of Wellsville R. D. 1. Edward Serafy is reporter and vice president.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: We bought a $35,000 home last June. In October some animal lovers moved into the place next. They bought it for $40,000 and they've just about turned this neighborhood into a barnyard.

These people have two dogs, three cats, bees, rabbits (eight last week, probably 12 by now), a herd of chinchilla, a rooster and three pigs. We can take the dogs and cats and even the bees. The chinchillas are in a heated garage so they don't bother us, but that rooster and those pigs really do cheapen the neighborhood.

The pigs were cute when they were new-born but now they are just plain pigs. Usually they are penned up but they get out once in awhile and wander around our property.

The rooster is the biggest nuisance of all. He crows at dawn and wakes up our entire household. We like the people and don't want to make trouble for them but it seems to me we should not have to put up with this just because we are good natured. What do you suggest: — PEACE LOVERS.

-:-

Dear Peace Lovers: It's nice that your neighbors love animals but they should have a little love for their fellow man as well. Contact your local zoning commission. It may be that your neighbors are breaking the law. If they are within their legal rights you are justified in complaining about the trespassing pigs and the rooster who is disturbing the peace.

Cause For Pause

Dear Ann: My girl is never ready on time when I pick her up for a date. Sometimes I have waited as long as 40 minutes for her. She's 19 and old enough to organize her life a little better.

It's very embarrassing when I go to pick her up because her mother and father don't speak English very well and they just sit there and look at me. I try to make simple conversation but they just hunch up their shoulders to let me know they don't understand.

My girl's younger sister is a real pest and she makes me uncomfortable by asking personal questions.

Please don't advise me to break up with her because she's very lovely and this is her only bad fault. Just help me find a solution. —SHINY TROUSERS.

-:-

Dear Shiny Trousers: Tell your girl that from now on you will give her 10 minutes to appear on the scene. If she isn't ready, send word with the pest that you'll be back in half an hour. Then leave and return in 30 minutes.

Noose-Loose

Dear Ann: I've cried so much over this problem the tears would sink a battleship. Please help me. I went with this bachelor for five years. We talked of marriage and I was positive he was serious about me. My folks even treated him like a member of the family.

Last week he told me he wasn't good enough for me and I'd better find another fellow who would be a good husband — the kind I deserve.

I've told him that I'm perfectly willing to take him with all his faults because I'm not perfect either. He says "No — you deserve better." Please, Ann, tell me what to do. — CLARA.

-:-

Dear Clara: A bachelor who would take five years of a girl's time and then tell her he isn't good enough for her is probably right. He isn't. Forget him and learn from this bitter experience.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Delay Naming Sheriff

HAMILTON, Ohio (AP)—County Commissioners have decided to put off until later this week appointment of a new Butler County sheriff. A spokesman said the group needs more time to sift 25 applications. Sheriff Paul Pell died Jan. 3 just as he was starting a second four-year term.

Cumberland Women's Club Will Hear Program On 'Italy'

NEW CUMBERLAND—Dr. Fernando Giustini, a resident intern at Weirton General Hospital, will speak to the Young Women's Club Thursday night at 8 in Swaney Memorial Library.

Dr. Giustini's talk will be on "Italy." The program is sponsored by the Council of International Clubs Department, with Mrs. Grant Lowe as chairman.

The sspeaker was born in Rome and was educated in schools there. He attended Duquesne University and was graduated in 1956 from the Faculty of Medicine and Surgery of the University of Rome School in Medicine. He interned at Wheeling Hospital and specialized in obstetrics and gynecology at the University of Pittsburgh.

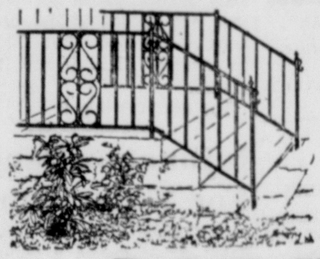

After becoming a citizen of the U. S. on May 1, he will be assigned as a medical officer for two years in the Air Force.

A special donation for CARE to be used in the General Federation of Women's Club's partnership projects for Latin-American countries will be taken.

The club also contributes yearly to the support of a scholarship student from Pan-America. This year's student is Stella Ramirez of Asuncion, Paraguay who is studying for a sociology master's degree at West Virginia University.

Members have been asked to correspond with a "pen pal" in another country. Hostesses for the meeting will be Mrs. Henry Endler, chairman, and Miss Sue Adams, Mrs. Jake Baxter, Mrs. Joseph Graham, Mrs. Robert Haynes, Mrs. Jack McKimmie, Miss Georgia Lou Manypenny and Mrs. Stanley Zapor.

About 62 of every 100 Americans today claim membership in some church.

Stanton Checks Off Newell As 11th Straight Victim, 59-43

STANTON LOCAL standout Bob Mills (50) drove the length of the court and is shown on his way up for a basket in the second half of Tuesday's Newell-Stanton contest at Newell. Standing by and doing nothing about it are several Newell defenders Larry Hutton (42), Ron Noland (12) and Bob Barnett (extreme right). Don "Wilt" Spires (54) is shown with back to camera.

Mills, Defense Difference

By BOB DUFFY
Review Sports Editor

A zone defense which Newell couldn't penetrate and the dead-eye shooting of junior whiz Bob Mills kept the "untouchables" from Stanton Local rolling Tuesday night.

Coach Harry Diel's crack Stanton Local five made it 11 straight with a 59-43 victory over Newell before 650 fans, the largest crowd at Wells High auditorium this season.

While Stanton continued its undefeated streak which started with the opening game of the season Dec. 6, the Vikings of Coach John Robison dropped their third contest in 11 games.

The impressive Irondale five, climbing in state ranking in Ohio, threw up a 1-2-2 zone defense which completely wrecked the Vikings.

—:—

NEWELL, WHICH is known to be a red-hot shooting club, especially on its home floor, fired only 33 per cent last night.

Diehl, smiling and explaining his defense after the game, said: "We try to make our opponents shoot from at least 20 or 25 feet out. The boys are sold on the defense and it makes it easy to coach."

And Irondale did have confidence in the zone. Spires, the 6-foot-6 Stanton Local pivot man makes it click with his height and long arms.

The Vikings started out in a slow deliberate fashion, taking only the best of shots in the first half. The style of ball earned Newell a 9-5 lead at the end of the first quarter, but Stanton got rolling in the second period to forge ahead, 23-19 at halftime.

In the second half, Newell continued its deliberate brand of basketball. In the meantime, Stanton, especially Mills, was scoring well and by the end of the third quarter the Irons had a 40-27 margin.

—:—

MILLS IS one of the neatest one-handed shots in the district. He pumped through 23 points, nine fielders and five of nine foul attempts.

After tallying nine points in the first half, Mills, who is also an outstanding quarterback in football, hit for eight points to steer Stanton into the driver's seat in the third quarter. He scored six more in the final eight minutes.

Spires finished with 14 points, but was the big gun in the second quarter when Stanton gained its edge. During that period, he dropped in eight points on turn-around jumpers from the foul line.

The 14 points pushed his total for 11 games to 218.

Diehl didn't make a substitution. Jim Leedy contributed nine points to the attack, while John Lutton pocketed eight and the fifth man, Curt Rose, added five.

—:—

WHILE STANTON concentrated on defense, the Ironmen hit a respectable 40 per cent of their shots, making 22 of 54.

Diehl's solid five showed they were well drilled in the fundamentals of defense as Newell seldom got inside for a shot.

Mick Staley was the most consistent for the Green and White, hooping 14 points on long one-handers from the side. Tom Bell fell way off his scoring pace. Forced to shoot at a little greater distance than usual, Bell only added eight points and was held to one field goal until the fourth quarter.

Ron Noland was runnerup in the scoring department with 11, while Larry Hutton added nine. Like Diehl, Robison wasn't in the mood to substitute, and used only one.

Newell got off to a sound start by grabbing a 5-0 lead. The Vikings made their first two field goal attempts, by Bell and Staley. A foul also was added by Staley for the 5-0 margin.

Mills broke the ice for Stanton with a foul, but Newell held a four-point lead, 9-5, at the first quarter mark.

In the second quarter, Spires went to work. Two straight goals by the lanky cager pulled Stanton even at 11-11 with 5:57 remaining in the period.

—:—

NOLAND AND Spires exchanged goals, but Mills hit on his soft jump shot to knot the count at 15-15.

Staley and Lutton traded baskets, but Spires scored his fourth goal of the second period to put Stanton in front 19-17 for a lead it never lost.

In that second quarter, the Stanton cagers took 13 shots and canned eight to take over the lead.

During the first two minutes of the third quarter only one field goal was scored on each side as both teams got off to a slow start. Stanton was the first to pick up and tallied three straight buckets, shooting the count to 31-21.

The stranglehold was applied by Stanton in the last three minutes of the quarter when the visitors scored eight points and rested on a 40-27 margin.

The score continued to climb and with 2:24 remaining in the game the Stanton lead shot up to 20.

Newell lost one player by fouls when Tom Woods left the game with 1:04 showing.

Jim Reed's field goal in the last three seconds gave the Newell reserves a 31-29 victory.

Dave Bell scored 19 of his team's 31 points to lead all scorers, while Scott Porter added nine for the losers.

Stanton Gets Assist From Former Athlete

Stanton Local, with an 11-0 record, became Jefferson County's only undefeated team Tuesday night, but the Irons needed an assist from one of its former athletes.

Bob Henderson, an ex-Irondale standout, and now head basketball coach at Brilliant, watched his team knock Mt. Pleasant from the undefeated ranks, 59-48. Up until last night, Mt. Pleasant had won 10 straight games, challenging Stanton for the coveted distinction.

A family tie also comes in here. Young Henderson is the son of C. P. Henderson, superintendent of Stanton Local.

STANTON'S 6-foot-6 pride and joy, Don "Wilt" Spires (54) gets in front of Newell's Ron Noland and goes up for a two-pointer Tuesday night at Newell. Stanton boosted its winning streak to 11 straight wins with a 59-43 victory.

Giannone Scores 28 Points

Salineville Continues Pace, Drops Conotton Five, 58-54

Salineville High followed up its smashing victory over strong Springfield last week by edging Conotton Valley, 58-54, Tuesday night on the Indians' home boards.

Coach Dick Jones' Indians, trailing by one point with 2:25 left in the game, rallied to win their fourth of the season and second in succession. They show six losses.

Conotton Valley snared a 54-53 lead with 2:25 left in the game, but Salineville came back with a foul shot by Jack Baker, a field goal by Paul Kelley and two free throws by Ron Giannone to move ahead to victory.

Giannone, veteran, 5-foot,8-inch jump shot artist, flipped in 28 points for Salineville in his most outstanding performance of the season.

The defeat left Conotton Valley with a 5-5 season mark. Conotton's cage mentor last season was Albert Girone, now head football coach at Salineville.

Giannone, scoring 10 field goals and eight fouls, received a lot of help from Kelley who netted 15.

Craig and Rippeth led the losers with 15 and 12 points, respectively.

In the preliminary, the Conotton Valley reserves gained a 37-32 victory over Salineville's reserve squad.

The final rules interpretation meeting of the Columbiana County Basketball Officials Association will be held tonight at 7 in room 204 of East Liverpool High School. Officers will also be elected tonight.

Helen Lee Doherty Golf Tourney Opens

FORT LAUDERDALE, Fla. (AP) — The Helen Lee Doherty Women's Amateur Golf Tournament gets under way today with no one favored to lift the crown Marlene Streit has worn two years.

The Toronto golfer and 89 rivals faced an 18-hole medal round which will pare the field down to 32 for match play ending Sunday.

Mrs. Streit tees off at noon with Barbara Williams, a Californian who is among the defending champion's top rivals.

Match play starts Thursday.

Salem Breezes, 94-53, Over Youngstown Five

SALEM — Salem High's Quakers encountered little difficulty in scoring their seventh striaight and eighth victory of the season here Tuesday night, 94-53, over Youngstown Rayen.

With four of five starters pouring in double figures, Coach John Cabas' powerhouse moved ahead quickly to a commanding lead and chalked up a "no sweat" victory.

The loss leaves the Youngstowners with a 6-3 chart. The Tigers share the lead in the Youngstown City League with Rayen with 3-0 marks.

Balance keynoted the Salem victory as veteran center Don Davidson and Ted Thorne led the scoring. Davidson hit for 18, Thorne 19, and John Borrelli, Bob Eskay and Bill Beery 13 each.

Leading Youngstown Rayen was Charles Jones, 6-2 senior, with 14 points, while Rich Reynolds got 13.

Salem's reserves also won the preliminary rather easily, 53-35.

Hagues, Hales, Weekley's Win In YMCA Loop

Hague's, Weekley's and Hale's opened with victories in the YMCA Member League Tuesday night on the "Y" court.

Hague's scored a 52-42 victory over Adkins as Ken Brophy led the attack with 19 points. Adkins topped his team with 15 markers.

Jim Tice's 27 points, 22 from Gary Weekley and Jack Bailey, who finished the evening with 20, paced Weekley's to an 86-72 verdict. Wayne Cline topped the losers with 23.

Hale's came up with a 45-26 decision as Gen Nicholson led the way with 14 points. Joe Anderson's 11 points topped the losers.

NBA Expands, Chicago And Pittsburgh In

SYRACUSE, N. Y. (AP) — The National Basketball Association, following the lead of big league baseball, has expanded to 10 teams with the addition of Chicago and Pittsburgh. But NBA President Maurice Podoloff is taking nothing for granted as far as the situation in Pittsburgh is concerned.

"I'm going to Pittsburgh on Monday to finalize all the details," said Podoloff today. "They told us they are in. Now, we want to see how ready they are to go."

The Pittsburgh entry is backed by John Harris, an ice show impressario. Harris is also the head of the Pittsburgh ice hockey club which returns to the American League next season.

"I can't see how Harris will be able to handle all these things," a leading NBA official told The Associated Press. "He has no organization set up yet and he'll have to move fast in so many directions." The official refused to be identified.

Houston Clears Obstacle Toward Big League Club

HOUSTON, Tex. (AP) — The Houston Sports Association bought the American Association franchise here Tuesday night—clearing the biggest obstacle between Houston and major league baseball.

An official of HSA said a big factor in the purchase was an agreement between the Minneapolis-St. Paul entry in the American League and the American Association.

The official, who asked his name not be used, said the estimated $100,000 indemnity the Houston Buffs get from Minneapolis-St. Paul owner Calvin Griffith's payment to the league helped sway the Buffs into selling its franchise to the HSA.

The HSA holds a Nationla League franchise for Houston in 1962.

The purchase price was not disclosed, but estimates put it near $400,000.

Raiders Lose Second To Bisons

Bethany Continues Spell Over Cumberland, 71-65

New Cumberland High met Bethany for the second and last time in regular season play Tuesday night and Raider Coach John Kuzio in all probability is delighted.

Kuzio's Raiders had compiled a five-game victory streak in an early season splurge, but Bethany played the role of a spoiler to win the first game, 59-53, at New Cumberland.

The Raiders opposed the Little Bisons again last night and entered the game with a flashy 8-2 record. Bethany shunned all thoughts of losing to the Hancock Countians and again victimized the Raiders, 71-65.

In between, New Cumberland had lost only one game to Beaver Local and had polished off every other foe in fairly easy fashion.

Coming through with a balanced attack, Bethany took advantage of its small court to forge ahead in the second quarter and maintain the spread for the rest of the way.

Charles Miller, veteran forward, pumped in 17 points and Kiger hit for 16 to lead New Cumberland's scoring. Nardo and Haynes collected 10 each and Hale netted 12.

White paced the Little Bisons with 20 points while Postle and Dyle hit for 15 each and Mitchell bagged 13.

In the preliminary, New Cumberland salvaged the reserve contest, 38-31.

South Side Bows, 62-40, At Snowden In 13th Loss

South Side got off to a poor start and went down to its 13th defeat of the season in a 62-40 loss at Snowden Township Tuesday night. The Rams have only one victory to their credit.

Snowden grabbed an 18-5 lead at the end of the first quarter and that was all the hometown needed to coast the remainder of the contest.

John Gorsin poured in 26 points and Dale Ross added 18 to spark the Snowden attack.

Chuck Schmidt and Dale Ashcroft combined to score 33 of its team's 40 points. Schmidt was high with 17 while Ashcroft added 16.

The Snowden jayvees captured the preliminary contest, 33-17.

Midland Routs Hopewell, 60-37, To Take Section 8 Lead

Tigers Had Routed Foe Earlier; Record Is 4-4

After ripping Youngstown Woodrow Wilson for a 28-point victory in the season's opener, Wellsville High found the Presidents a little rougher in a return engagement Tuesday night at Youngstown and dropped a close 65-63 decision.

The Tigers played nip-and-tuck with the Youngstowners for the first two periods, dropped behind in the third quarter, then staged a final period rally before losing by the margin of one field goal.

The defeat was the fourth in eight outings for Coach Jack McDevitt's Orange and Black who had found Youngstown easy prey in the season's opener when they racked up a convincing 79-51 triumph.

The narrow victory was the second in nine games for Woodrow Wilson.

Behind seven points at the end of three periods, the Tigers closed fast in the final frame on the efforts of big Bob Kiggans and veteran Phil Baldwin but couldn't quite narrow the gap.

Kiggans, 6-foot, 4-inch senior, led Wellsville's attack with 20 points on eight goals and four of five free throws. Kiggans scored consistently in every period except the third when he failed to register. His points included burst of eight in the opening quarter, six in the second, none in the third and six in the fourth.

Phil Baldwin chipped in with 11, while big Rod Ferguson delivered 10 in one of his first starting roles for the Tigers. Sophomore standout Steve Baldwin, playing a fairly good game, netted seven, while Ben Cannadate got eight.

Dimunitive Roger Ours, the fifth Tiger starter, finished with five points. Wilbert Jones netted one field goal to round out the 25-goal attack.

The Presidents flashed a healthy one-two point wallop in Mellek and Temnick who scored 20 and 19 points, respectively.

In the preliminary, the Woodrow Wilson reserves also scored a revenge victory over Wellsville's reserves, 53-42.

Chester Snaps Losing Streak At 4; Gains 43-41 Edge Over Follansbee

Chester High's Panthers roared away to an early lead, but then were forced to repel a late rally to gain a 43-41 triumph over Follansbee Tuesday night at Chester.

Coach Max Tuttle's Panthers turned 19 of 40 free throws into points to score their third victory in nine games. The Panthers were outgoaled by one from the floor, 13-to-12.

The defeat was the 11th straight for the usually powerful Blue Wave of Coach Doug Stone.

Chester spurted to a 10-2 first quarter lead and held command throughout as center Blaine Pinney poured 19 points through the hoops and stellar Bill Yokum capably handled the rebounding chores.

The Panthers nearly blew their lead in the final quarter of rough action as they proceeded to miss five straight "bonus" free throws with the score growing tighter.

Chester lost Pinney and Yokum by the foul route in the final period, while Follansbee counted three foul casualties in Baird, Dragovitch and Bine.

Pinney's 19 points on six goals and seven free throws was the individual high for the night. Smith added eight, Sayre five and Yokum four.

Wisher led Follansbee with 13 points while Baird collected nine.

In the preliminary, the Follansbee reserves triumphed over Chester's reservs, 46-37. Chuck Mullen scored 10 points for the losers.

Kuzma's Cagers Climb To 4th Victory In Row

Midland has battled its way to the top of Section 8 and today has the lead all to itself.

Coach Hank Kuzma's battling Leopards, after knocking off its main foe — Beaver — Friday night, came back Tuesday and surprisingly coasted to a 60-37 victory at Hopewell.

The loss knocked Hopewell from the undefeated ranks in the Section 8 standings. Going into last night's contest, Hopewell and Midland were deadlocked for the lead with 3-0 records.

Beaver kept breathing down Midland's back by topping New Brighton, 29-18, as New Brighton elected to "freeze" the ball throughout the game.

In another Section 8 game, Rochester defeated Freedom, 59-51.

A slow first quarter found Midland taking a 15-12 lead. A spurt of seven straight points in the second quarter carried the Leopards to a 26-19 halftime margin.

A point-spree of 15 straight knocked Hopewell for a loop in the third quarter which ended with Midland on top, 45-26.

Al Aloi and Carl Anderson were the big guns for Midland. Aloi led the way with 18 points while Anderson scored 15 and did another yoeman's job on the backboards.

Sam Forester helped out in the Leopard attack by contributing 11 points.

Andy Young was tops for the losers with 16 markers.

Midland put up an effective man-to-man defense which kept Hopewell shooting from far outside all night.

The Leopards had a good night on a foreign floor by hitting on 25 of 55 shots for 45 per cent.

Hopewell could only compile a 19 per cent shooting mark on 12 out of 63.

The Midland reserves made it a twin-killing by capturing the reserve game, 48-41.

Steve Trbovich led the Leopard attack with 15 points.

Irish Five Knocks DePaul From Ranks Of Undefeated

By DON WEISS
Associated Press Sports Writer

The home court advantage, important in basketball, has chopped DePaul's Blue Demons off the major undefeated list, leaving only Ohio State.

Notre Dame's Irish spilled DePaul's unbeaten string at 12 Tuesday night, 61-58.

John Tully was triggerman for the Irish, hitting two quick field goals as part of an 8-0 burst that shattered a 42-all tie with about 8 minutes remaining.

DePaul, ranked seventh in the new Associated Press poll, thus suffered the road-game pitfall that had struck Bradley, Louisville and Vanderbilt from the unbeaten ranks last week.

Ohio State's beat-'em Bucks won their last 17 games including 12 straight this year as they rumble toward defense of their NCAA championship.

Cincinnati (12-3) stretched its winning streak to seven, 64-53 over Duquesne; Detroit won its 10th in 15 tries, 71-57 over Dayton; Auburn (8-2) whipped Florida State 74-67; Memphis State (12-1) routed Louisiana College 96-39; and Western Kentucky fattened its Ohio Valley Conference lead, 88-75 over Tennessee Tech in other major games.

Little Howie Carl hit 16 points for DePaul, but Notre Dame had little trouble with sophomore M. C. Thompson, who had scored 24 points when the Demons ended Louisville's 13-game streak last Saturday. Thompson scored only five points and hit just one field goal.

Virginia Military hit 33 of 38 free throw attempts for the difference in a 93-77 Southern Conference victory over George Washington. Neither will worry the league leaders. VMI has a 2-6 Conference mark and is 3-10 overall. G-W, now 2-3 in the league, lost its eighth in 11 games.

Ex-Martins Ferry Star Takes Virginia U. Job

CHARLOTTESVILLE, Va. (AP)—Bill Elias takes over today as head football coach at the University of Virginia—without any idea of how long he'll last but with confidence he can lift the Cavaliers from the depths of the Atlantic Coast Conference.

"They say it just can't be done," the one-time Martins Ferry, Ohio, high school athlete said of the possibility of reforming the team that has lost its last 28 games.

"Like the idiot I am," he added, "I think I'll try it."

Thus, Elias, 36, brings to Virginia the same cockiness he took to George Washington a year ago. Without any visible means of improvement, he turned the Colonials' 1-8 record of 1959 into a 5-3-1 slate for the 1960 season and was named Southern Conference coach of the year.

Neither Elias nor the university disclosed salary terms, though Elias said "the money factor had something to do" with his decision to take the Virginia job. Both said his appointment is "without a terminal date."

Elias, a Maryland quarterback under three different coaches after World War II, got into coaching in 1948 at Richmond, Ind., High School. After coaching undefeated teams in 1951 and 1952, he became an assistant at Purdue. He left there last year to take the post at George Washington.

Stars Missing At Pin Show

SAN BERNARDINO, Calif. (AP)—The 1961 All-Star Bowling Tournament, first to be staged in the West, has turned out to be something like California weather—unusual.

As the 10-day, $68,150 tenpin event heads into the finals today the defending champions were absent from the head-to-head competition for the first time since the tournament was originated in Chicago in 1941.

Harry Smith of St. Louis, who won the crown last year in Omaha, Neb., failed to qualify for the 16-man men's finals when he completed his 36 games in the preliminary rounds Tuesday night with 7,318 pins.

Sylvia Wene of Philadelphia, the defending women's titlist, was forced to withdraw from the 20th annual tournament after suffering injuries in a fall from a bus last weekend.

Marion Ladewig of Grand Rapids, Mich., women's champion in 1959, won the women's qualifying title Tuesday night when she set a record 4,898 total for 24 games. The previous mark of 4,820 was established last year by Mena Degyman of Chicago.

Bill Bunetta of Chicago won the men's qualifying trophy for the first time with a 7,809 total, second highest in tournament history.

Within the space of one month in 1960, jockey Evan Anyon won four Chicago stakes races with four different horses.

Weather Right For Art Wall

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Art Wall captured the 1959 Crosby Golf Tournament in near perfect weather and the same conditions could exist this week for the $50,000 event.

"You'll see some low scores if this weather keeps up," Wall said after a practice round over the Monterey Peninsula Country Club course. "The weather makes quite a difference here."

Although he didn't keep formal score, Wall said he was a few strokes under par for 18 holes.

Ken Venturi of San Francisco battled rain and blustering winds on his final 18 holes last year and won the 72-hole tournament with a score of 286. Wall won the year before with 279.

Art Doering, the veteran from Pittsburgh, paced qualifiers Tuesday who battled for the last 18 places in the field of 150 pros and 150 amateurs who start the tournament Thursday. Doering fired a 3-under-par 69 on the Pebble Beach course.

The pros pair with the amateurs for tournament play with two divisions—the pro-amateur and the pro individuals.

Other qualifiers Tuesday include Tommy Aaron, Gainsville, Ga., Milon Marusic, St. Louis, and Bill Ezinicki, North Redding, Mass., all 71; Fred Wampler, St. Louis, 72; Tom Talkington, Ypsilanti, Mich., and Houston LeClair, Birmingham, Ala., 73; Phil Wiechman, Grand Rapids, Mich., and Peter Mazur, Montauk, N.Y., 74.

The 18th spot will be decided today in a sudden death playoff between 11 golfers who deadlocked at 75.

Fairfield Notches 9th; Tops Greenford, 51-38

GREENFORD — Fairfield-Waterford stacked away its ninth victory against only one setback this season in a 51-38 win here Tuesday night.

Clarence Kannal's 21-point outburst paved the way for Coach Bing Newton's Rebels.

Trailing 26-23 at halftime, Fairfield turned in a third quarter blitz which carried the Rebels to a 38-31 lead.

Rich Arnold was high for Greenford with 14.

Fairfield had to play from the second quarter on without the services of dependable Tom Messenger who sprained his ankle and had to be removed from the game.

Greenford won the reserve contest, 41-40, in the last five seconds.

Cowboys Sign Ohioan

DALLAS, Tex. (AP)—The Dallas Cowboys of the National Football League have signed Bill Franta of Mansfield, Ohio. The 6-foot-4, 250-pound tackle played his college football at Wittenberg University in Springfield, Ohio. He was a free agent.

Jack Stobo, Dartmouth soccer fullback, is a goalie on the Big Green hockey team.

Detroit Battler Certain Charnley Can Defeat Brown

LONDON (AP) — Gene Gresham, the hard hitting lightweight from Detroit, prepared to fly home today convinced that British champion Dave Charnley can take the world title from America's Joe Brown.

"Man, that Charnley can really punch," Gresham said in his dressing room Tuesday night after losing decisively on points to the chunky Briton over 10 bruising rounds.

"I think he would take Brown with that southpaw style and those great right hooks."

It was Charnley's solid body punching and chopping rights to the head that crushed Gresham.

Charnley, who holds the triple crowns of British, British Empire and European champion, began to take charge in the fourth round and stayed dominant through to the 10th when a flashing body-to-jaw combination sent Gresham stumbling to the canvas for a count of five.

Post Becomes Ninth To Sign With Redlegs

CINCINNATI (AP) — Veteran outfielder Wally Post has signed for '61 with the Cincinnati Reds, the ninth on the team to do so.

General Manager Bill DeWitt reported the agreement Tuesday night.

Post, 31, was traded to Philadelphia in 1957 but returned to the Reds last summer. He batted .282 for the Reds with 19 homers and 50 RBI.

FIELD AND STREAM

By R. L. LIDE

For the first time in more than a hundred years, beavers become legal quarry in Ohio.

Although the season is short, ending Jan. 21, it in a way turns back the pages of history and today's youngsters get to carry on a tradition experienced by their great grandfathers.

Future trapping regulations depend upon how fast the beaver multiply, how they spread out over the state and how many can be taken without becoming extinct again.

If more attention had been paid to beavers a hundred years ago and adequate laws had been set up along with an Ohio Division of Wildlife and an enforcement crew of officers, beavers would not have become extirpated in the first place. We learn by experience.

—:—

THE GAME protector in Mahoning, Ashtabula and Columbiana counties have seals ready to be applied to the pelts as soon as they are brought in, thus making the pelts legal. All pelts taken must be sealed in the county in which they were taken.

I have established my own hours when you may bring the Columbiana County pelts, or carcass, to me to be sealed.

I plan to be home each evening from 5 to 6 o'clock until Jan. 24, Sunday excluded. Pelts may not be bought or sold until the seal is attached to each pelt. I live at Westville Lake on Lake Point Drive, the only road south of the lake. Otherwise I will seal pelts any place you run across me, since I will have the seals in my car.

If possible, weigh the animal. I have a questionnaire to fill out for each beaver taken. These records will be forwarded to the district office when the season is over, where they will be placed on file.

Too bad some one had to shoot the mute swan that sought refuge on the Ohio River at East Liverpool.

The culprit who wounded this most beautiful bird should be forced to eat it. I'll guarantee you the first mouth full of roasted swan would give this individual enough swan for the rest of his life.

—:—

IF ANYONE has any information regarding the shooting, it is their duty to give this information to the game protector or any federal officer. Ohio has no control of the Ohio River where the offense must have taken place, but a federal officer can take over.

Mute swans are distinguished from the whistling swan in that the mute's have a reddish-orange beak with a little knob at the base.

The Whistler's have black beaks. Both are about the same in size. All swans mate for life. Mute swans have reverted back to the wilds after being imported into America from Europe.

Even if the swan recuperates from the wound it eventually will grieve itself to death, since they do not live for more than three years after the mate dies.

A few years ago, one showed up at Lake Guilford. Although a farmer living on the lake provided plenty of food, it finally died grieving without a mate.

I hope enough evidence can be obtained that will result in the arrest of the party who shot this beautiful bird. Any information provided will be strictly confidential.

New Detroit Boss Caught Flaw In Marichal's Style

By FRANK ECK
AP Newsfeatures Sports Editor

Now that Bob Scheffing has been named manager of the Detroit Tigers the story of who discovered the foot fault in Juan Marichal's pitching delivery can be told.

Marichal is the youngster who broke in with San Francisco last July with a one-hit, 12 - strikeout victory over Philadelphia. Four days later he beat the Pirates, 3-1. Five days after that he humbled Milwaukee, 3-2.

Manager Charlie Dressen didn't like the way Marichal was getting his men out.

"He's not pitching right," said Dressen the first time he saw Marichal against his Braves.

"It's his foot," said Bob Scheffing, a coach who sat near Dressen on the bench.

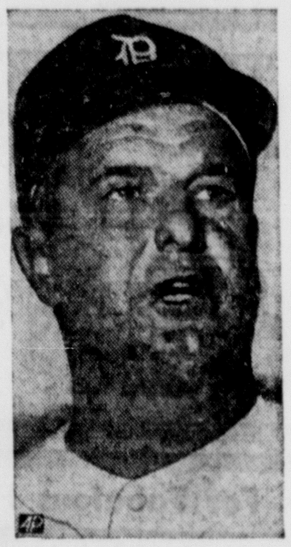

Rule 8.01 says "a pitcher must face the batter with his pivot foot on, or in front of and touching the pitcher's plate."

"Marichal," said Scheffing, "was pitching with his right foot to the side of the rubber, toward first base.

"It was in San Francisco. I had a devil of a time finding a rule book in the clubhouse, but I found one. I brought it out to plate umpire Jocko Conlan and asked him to read the rule.

"As soon as I said that, I thought I was gone. Jocko uses glasses when he reads. Now that's no sin, but it might look bad if Jocko pulled out his glasses on the field.

"So Jocko says 'you read it!'

BOB SCHEFFING
Ex-Catcher Now Manager.

Just as I finished reading the rule, Clancy Sheehan (then Giant manager) came over and said:

"'Why Marichal has been pitching that way all his life.'

"'That's good enough for me,' said Jocko. 'Play ball!'

"'But,'" added Scheffing, "he's been pitching only three weeks in the big leagues'."

Scheffing, naturally, lost the argument but won his point. A few days later, Philadelphia Manager Gene Mauch noticed Marichal's illegal position on the mound and a new umpiring team set the pitcher straight.

Marichal, who had won his first three starts, finished with a 6-2 record.

After the Scheffing - Conlan incident, Marichal completed only three of his eight starts.

That's the kind of a manager the Tigers will have next season. The 47-year-old Scheffing is one of the most observing baseball men around. That was why Dressen hired him and George Myatt, his former assistant with the Chicago Cubs, as coaches for 1960. Dressen says "I hated to lose him."

"I think I learned a lot from Charlie," Scheffing says. "I would like to have spent more time with him."

The American League is foreign to Scheffing but during the baseball meetings in Louisville and St. Louis he continually asked about the hurlers he will inherit. He came to this conclusion:

"I think our pitching will be fairly good," says Scheffing. "And as for the opposition, I saw Boston, Baltimore and Cleveland pitchers in Arizona when the Cubs trained there under me in 1957, '58 and '59. I have more to start with than when I got the Cubs."

Scheffing, an ex-catcher who started in baseball 25 years ago, took a Cub team from the cellar to seventh, then twice to fifth. He hopes to do much better with the Tigers, 26 games back in sixth spot last season but only five games out of the first division.

Dodgers' Davis Looks Like Sure Bet In 1961

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Unless scouting reports are worthless, Willie The Wisp Davis 20-year-old newcomer to the Los Angeles Dodgers, should win the National League's 1961 rookie awards hands down.

The fleet center fielder, one of 15 freshmen on the Dodger roster, is regarded a virtual certainty to earn a big league berth. He has plenty of credentials. Last year with Spokane, he led the Pacific Coast League in six departments and won the most valuable player award.

In addition to winning the batting title with a .346 mark, Davis led in stolen bases 30, hits 216, runs 126, total bases 347 and set a league record with 26 triples. And he did it all despite a pulled leg muscle which handicapped him the first month of the season, when his average dipped well below .300.

Davis' spectacular performance overshadowed Charley Smith, 23, who is expected to give Jim Gilliam a tussle for the Dodger third base job. Smith, a 160-pound shortstop at Spokane, batted .322, outhomered Davis 22 to 12, and drove in more runs, 106 to 75. He lacks polish on defense, but makes up for it with a powerful arm.

Another bright prospect is catcher Doug Camilli, son of the Dodgers' slugging first baseman two decades ago. The strapping youngster batted .281 at Atlanta last year and impressed Manager Walter Alston in a brief whirl with the Dodgers last September. In 24 times at bat, he rapped six hits, including two doubles and a home run, and drove in three runs. He handled himself well behind the plate, too.

Doug hit 26 doubles, 4 triples and 13 home runs in the Southern Association, driving in 78 runs in 131 games.

Two of the finest pitchers up from the minors will be in the Dodgers' spring training camp at Vero Beach, Fla. They are right-hander Jim Golden and southpaw Pete Richert. Golden won 20, lost nine and posted a 2.32 earned run average with St. Paul in the American Association. He pitched the most innings, 237, and the most complete games, 14. Richert, still on the Atlantic roster, broke the 40 - year - old Southern Association record by striking out 251 batters in 255 innings. He won 19, lost 9, pitched 6 shutouts and turned in a 2.76 ERA.

Third baseman Bob Aspromonte, who had a brief stay with the Dodgers last year, is back. This time his bid is supported by a .329 batting average built at St. Paul. Other infielders include first baseman Tim Harkness, who batted .293 with 28 home runs and 11 runs batted in at Atlanta, and Len Corbo, who divided the 1960 season between Macon and Green Bay; and shortstops Dick Tracewski, a .288 hitter at Atlanta, and Ralph Plumlee, a first year player who batted .254 with Odessa. Also up for inspection will be Ramon Conde, a third baseman who batted .325 at Spokane, and Allen Norris, an outfielder who hit .245 with the same team.

Philosophy Of Football

ATLANTIC CITY, N. J. (AP) — Darrell Royal, University of Texas football coach, will talk about the philosophy of coaching football, the new Texas offense and defensive stunts and variations at the National Football Clinic to be held here March 13-16.

Jay and Lionel Hebert are the first brothers ever to win the PGA golf title. Lionel won in 1957, Jay in 1960.

Western Five Tops East In Pro Classic

SYRACUSE, N.Y. (AP)—Oscar Robertson neatly summed up in four little words today the West's record-breaking victory over the East in the National Basketball Association all-star game.

"We beat 'em good," said Cincinnati's "Big O", voted the most valuable player in Tuesday night's dream game in the War Memorial Auditorium. The West, a 6-point underdog, won 153-131.

Robertson scored 23 points and had a record 14 assists. Bob Pettit and Clyde Lovellette, both of St. Louis, and Elgin Baylor of Los Angeles, also starred for the winners.

All four pitched in during a furious assault that carried the Westerners to a 47-19 lead at the first-quarter mark. The closest the East came after that was 14 points, 131-117, midway in the fourth quarter.

The usual high-scoring Wilt Chamberlain and Bob Cousy were held far below their average. Philadelphia's Chamberlain had only 12 points. Cousy, the veteran Boston forward, had only four.

Harmony At Last

HAMPTONVILLE, N. C. (AP) — Robert Stone coached the West Yadkin High School basketball team through 20 straight defeats in the 1959-60 season.

West Yadkin finally snapped a 48-game losing streak early in the 1960-61 campaign, winning 42-36 over Harmony.

The new Harmony coach: Robert Stone.

FIGHT RESULTS

Miami Beach, Fla. — Goheo Brennan, 153, Bimini, Bahamas, knocked out Cecil Shorts, 149, Cleveland, 7.

Omaha, Neb. — Wayne Bethea, 210, New York, stopped Bill Nielsen, 204, Omaha, 7.

London, England—Dave Charnley, 137¾, London, outpointed Gene Gresham, 137¼, Detroit, 10.

180 Move Into Second Round Of Seniors Golf

BELLEAIR, Fla. (AP) — More than 180 amateur golfers, all 55 or older, moved into the second round of match play today in the 27th annual American Seniors Golf Tournament.

Egon Quittner of Rydale, Pa., lost 1-up to C.D. McAllister of Orlando Tuesday in the first round of the championship flight.

The tournament, being played on the par-71 Belleview Biltmore course near Clearwater, will continue through Saturday.

Comedalist Jack Russell of Clearwater, beat William H. Diddel of Naples 1-up when a 45-foot wedge shot dropped into the cup on the 18th green.

Dick Owen, comedalist from Dunedin, defeated Robert Bell of Worthington, Ohio, 5 and 4.

Lefty Guessed Wrong

SAN FRANCISCO (AP) — Last spring, Giant hitting coach Lefty O'Doul worked with Jim Davenport, Willie Kirkland, Ed Bressoud and Hobie Landrith. He concentrated on them, and was willing to wager each would up their batting average 10 to 20 points.

Each had lower averages for 1960.

Here are the comparitive figures with 1959 averages first:

Davenport .258 to .251; Kirkland .272 to .252 and recently traded to Cleveland; Bressoud .251 to .255 and Landrith .251 to .242.

The four Giants lost a collective 62 points.

Small College Lead Is Held By Tennessee

By The Associated Press

Tennessee State again fell just one point short of a perfect score today as it continued to hold first place in the weekly Associated Press small college basketball rankings.

Tennessee State was first on seven of eight ballots cast by an eight-man board representing each of the NCAA districts and was second to Hofstra on the other. The voting followed last week's pattern in that respect, but Hofstra edged closer with higher ratings on a few other ballots and trailed by only 12 points in the overall tabulation, 79-67.

Points are given on the basis of 10 for each first place vote, nine for second and so on down to one for a tenth place vote.

Southern Illinois edged ahead of Mississippi Southern by one point, 42-41, for third place.

The leaders, with won lost records through Jan. 16 and first place votes in parentheses:

1. Tennessee State (7) (14-1) 79
2. Hofstra (1) (12-1) 67
3. Southern Illinois (11-3) 42
4. Mississippi Southern (11-1) 41
5. Prairie View (15-0) 40
6. Grambling (17-3) 28
7. Kentucky Wesleyan (8-4) 25
8. Westminster (Pa) (10-2) 20
9. American U. (9-2) 17
10. Southwest Texas (11-2) 11

Tops In Freestyle

SYRACUSE, N.Y. (AP) — Ted Webster, Syracuse swimming coach, calls Jack Nesbitt, a senior from Greenwich, Conn., the best distance swimmer he has coached in 31 seasons here. Nesbitt holds Orange records in the 220 and 440-yard freestyle events.

Roger Kaiser, captain of Georgia Tech's basketball team, comes from Dale, Ind. He led the team in scoring last season, averaging 22.8 points a game.

Club Hears E. W. Maloney

Rotary Told Of Business District Betterment Plans

"The best time to fight competition is when we don't have it," Edwin W. Maloney told the Rotary Club Tuesday afternoon in connection with the Downtown Improvement Committee's plan for a general "face-lifting."

"There are no outside shopping centers close enough to hurt us now, but they will when we do have them," Maloney declared at the club's meeting in the Travelers Hotel.

Maloney is chairman of the improvement committee of the Retail Merchants' Association and is affiliated with the World Book & Bible House on Market St.

Named to the committee this summer, Maloney pointed out he was "startled" by a fact uncovered in working with the group — that the downtown area is the largest employer of residents in the city with an estimated 1,600 in the mercantile and service business.

"So we have some things to plan for," Maloney asserted, listing the important problems which the committee is striving to overcome.

In order, they were listed as parking, lighting, building improvement and storefront and interior improvement.

"Progress is being made in parking, the No. 1 problem," Maloney said. Mentioning the lighting problem, he pointed out the Ohio Power Co. had arranged for bright fluorescent lights to be displayed on E. 5th St. during the Christmas shopping season. Progress also is being made in improvement of buildings and storefronts, he added.

Maloney said questionnaires have been sent to city business property owners concerning installation of new overhead lights in downtown East Liverpool to brighten up the shopping area.

The city's electric bill would be boosted some $700 to $800 a month but shoppers and motorists would benefit by seven times more light on downtown streets.

"We must make the downtown area so pleasant a place for shoppers, with necessary parking space, that they will be sold on our shopping center," Maloney declared.

"The best time to fight competition is when we don't have it. We have to progress and better our services," Maloney added.

Maloney also presented a Westinghouse Co. film entitled "The Look of Prosperity," narrated by Douglas Edwards.

The film illustrated the reasons why a town by the name of "Greenville" was losing all its shoppers to a nearby town that had spruced up its downtown area with new lights, paint, and adequate off-street parking facilities.

Greenville merchants, noting a sharp drop-off in customers, followed suit and organized their own Downtown Improvement Committee. As the committee led merchants of Greenville in brightening up the city, they, too, prospered from sales to the "payday immigrants" who had been going elsewhere to shop.

Kaycee Council Sets Initiation For Feb. 7

Arrangements were completed for a first degree initiation Feb. 7 at a meeting of the Carroll Council 509, Knights of Columbus, Tuesday evening in the K. of C. Home. Kevin O'Brien, grand knight, presided.

Fr. Anthony Esposito, assistant pastor of St. Aloysius Church and council chaplain, gave a talk and showed slides.

James Buchheit, general program chairman, gave a report on a district meeting held Monday in East Palestine.

The next meeting is Tuesday.

4-H News

Plans to sell valentines and tooth brushes to raise funds for summer camp were approved when the Cherokee 4-H Club of Lawrenceville met Monday night in the Grandview School.

The program was highlighted by a talk on "What Are We 4-H'ers?" by Oliver Johnson, Hancock County agricultural agent.

Linda Shroades, president, presided. Devotions were led by Rosemary Haught, Bobby Bryan and Dianne Wright.

Handicraft project members will attend a work meeting at the agriculture office in New Cumberland Saturday at 10 a. m.

Pamela Waide and Philip Smith will represent the club at a countywide safety quiz contest Jan. 30 in New Cumberland.

Mike Cullifer and his conservation committee will make bird feeders as their conservation projects. Each member was given a 4-H calendar from the Bank of Weirton.

Group singing was part of the recreation period with Norma Hoyt accompanist. Rosemary Haught led games.

The next meeting is Feb. 20 in the school.

A talk on the effects of using tobacco and alcohol will be given at a meeting of the Columbiana County 4-H Junior Leadership group Thursday night at 8 at the St. George's Catholic Church Parish Hall at Lisbon.

In charge will be James Converse, president, and Carol Kress, both of Leetonia R. D., refreshments; Wayne Walton of near Salem, program, and Marion Boehm of Lisbon R. D., recreation.

Board To Reorganize

LISBON — The Columbiana County Board of Education will reorganize at a meeting Saturday at 2 p. m. in its offices in the Courthouse. Atty. Donald Elliott of Rogers, president, will preside.

Glenmoor Legion Adds 3 To Roster

Three new members were enrolled when Glenmoor American Legion Post 736 met Tuesday night in the post home.

They are Tony Rovito of Glenmoor, Robert Cehrs, a transfer from American Legion Post 374, and Denzil Bowen, also of East Liverpool.

The post membership to date is 80, with the quota 88.

Robert Rudy was named second vice commander to succeed Robert Buckley, who resigned.

It was announced the auxiliary will sponsor a ham dinner Feb. 4 from 6 to 8 p. m. in the post home for members and guests.

Ronald Hopper, commander, presided. Fourteen attended. The next meeting is Jan. 31, according to Fred Morgan, reporter.

Ancient Romans had corporations, mortgages, checking accounts, and interest-bearing savings accounts. Roman businessmen formed companies to handle government contracts for war materials during the Punic wars.

Kennedy's Cabinet Shows Diversity

WASHINGTON (AP) — President-elect John F. Kennedy's Cabinet is distinguished by it diversity.

It contains wealthy men and those of humble origin. It has seven Protestants, two Jews and one Catholic, Kennedy's brother. It is drawn from the world of business, of scholarship and of government.

Some of the Cabinet members are longtime political associates of the president-elect. Others he knew only by reputation.

All of them will make $25,000 a year as Cabinet officers; for some it is quite a pay cut.

Here are sketches of the 10 men in the Kennedy Cabinet:

Secretary of State—Dean Rusk, 51, was president of the Rockefeller Foundation. Born on a farm in Georgia's Cherokee County, he won a Phi Beta Kappa key at Davidson College, then a Rhodes scholarship, became dean of faculty at Mills College at 25. Entered the State Department after World War II, rose to assistant secretary of state for Far Eastern affairs, was a chief architect of U.S. Far Eastern policy. Joined Rockefeller Foundation in 1952. Married, three children. Presbyterian.

Secretary of Treasury—Douglas Dillon, 51, a wealthy man who believes in hard work. A Republican, moved over to Kennedy Cabinet from position as undersecretary of state for President Eisenhower. Banking family background, was chairman of the board of Dillon, Read & Co., Wall Street bankers, while still in his 30s. Has always advocated large-scale foreign economic aid. He was ambassador to France early in the Eisenhower administration, and moved up in the State Department to become a top policy maker. He is an accomplished linguist, ardent art lover and gourmet, owns one of the finest vineyards in France. Married, two children. Episcopalian.

Secretary of Defense—Robert S. McNamara, 44, who had become president of the Ford Motor Co. just a month before he was tapped by Kennedy. By divesting himself of his holdings to take the Cabinet post, he lost an estimated $3 million, says personal considerations must be subordinated to public service. Joined Ford in 1946 after pioneering statistical controls for the Air Force. Married, three children. Republican. Presbyterian.

Attorney General — Robert F. Kennedy, 35, unique in being the first brother of a president named to his Cabinet. Managed the president-elect's campaign with tireless fervor. Was reported reluctant to accept the post because it might bring criticism on his brother. Made a name for himself as chief counsel of the Senate rackets investigating committee, which probed wrongdoing in labor unions and other matters. Says he is divorcing himself from politics in his new job. Married, seven children. Catholic.

Secretary of the Interior—Stewart L. Udall, 40, a member of the House since 1955. He comes from a family prominent in Arizona politics and law. He attended Arizona schools and colleges, got a thorough grounding in farm work from his father. A lawyer, he is expected to strongly favor more reclamation projects in the West. Served as an enlisted Air Force gunner on a B24 in Italy in World War II. Married, six children. Mormon.

Secretary of Agriculture — Orville L. Freeman, 42, former governor of Minnesota. He has been one of the most articulate critics of Eisenhower's agricultural chief, Ezra Taft Benson. Got into politics as secretary to Sen. Hubert H. Humphrey when Humphrey was mayor of Minneapolis. As a Marine in World War II, his jaw was scarred by a Japanese bullet in the Pacific; he took special exercises to overcome a resulting partial paralysis of the face. Won highest honors at University of Minnesota Law School. Married, two children. Lutheran.

Secretary of Commerce—Luther Hodges, 62, former governor of North Carolina. A tenant farmer's son, he became a wealthy textile executive. Entered public service in his 50s, served in Germany and as a consultant to the State Department. He was elected lieutenant governor of his state in 1952, succeeded to governorship upon the death of his predecessor. In six years as governor he pushed a campaign to attract industry to the state. Married, two children. Methodist.

Secretary of Labor—Arthur J. Goldberg, 52, general counsel for the United Steelworkers Union. A top labor lawyer for 25 years, he also was special counsel for the AFL-CIO, played a key role in ending the deadlocked record 116-day steel strike last year. As a lawyer, Goldberg has opposed some of the laws he now is called upon to administer. He promises to do it fairly, has severed all connections with labor unions. Known among lawyers as a brilliant advocate. Married, two children. Jewish.

Secretary of Health, Education and Welfare — Abraham A. Ribicoff, 50, former governor of Connecticut. Son of a factory hand and peddler, worked his way through University of Chicago Law School with honors. Began political career in 1938, served two terms in Congress, suffered his only defeat when he ran for the Senate in 1952. Twice elected governor, he instituted a campaign to suspend licenses of highway speeders to cut accidents; it drew nationwide attention. Was an early backer of Kennedy. Married, two children. Jewish.

Postmaster General — J. Edward Day, 46, a Los Angeles insurance executive, was associated with Adlai E. Stevenson when Stevenson was governor of Illinois. His work in cleaning up insurance rackets there brought him to the attention of the Prudential Insurance Co. He joined the firm, became a vice president in charge of Western operations. Comes from a family of physicians but decided on law career and graduated cum laude from Harvard Law School in 1938. Married, three children. Methodist.

Bringing Up A Family

By GARRY C. MEYERS

Dread Of Dog Makes Child Insecure

Terrifying to a young child may be the sight of a certain dog. Even some children eight or ten may be in constant dread of a neighborhood dog.

Dr. Garry Meyers

From Connecticut, a mother writes: "My younger son, 3½, has always been a happy, secure, gay child. Two weeks ago we moved to a new home in the same neighborhood. It is only a few minutes away and we know many friends nearby.

"At first the transition was fine. Bobby slept in his own room for the first time and accepted it well. He and his seven-year-old brother shared a room next to ours before. Now they are in their own rooms upstairs, while our bedroom is downstairs. I expected some trouble, but was pleased when they accepted the new arrangement so well.

—:—

"A FEW DAYS later I noticed Bobby would not go outdoors but was content to play in his room alone or downstairs in the den.

"When asked why he didn't go out, he said he was afraid of a boxer dog that is loose in the area. The dog is quite gentle, but my son developed such a fear of her that he turns white at the sight of the animal.

"For over a week he would not go outdoors at all. Then gradually he advanced to the side door and has been playing alone there. He won't advance to where other children he knows are playing because the dog is theirs and is usually with them.

"I went to their yard with Bobby one day and he became so frightened that my neighbor locked the dog away so he would play with the children.

—:—

EVEN WHILE playing with the others, he clung to me and kept checking that I remained.

"Last night at bedtime there was a distinct clap of thunder. Bobby became hysterical with fright, refusing to go to sleep or stay in his bed. He suddenly didn't want to sleep alone. Each time we quieted him and left his room, it began again.

"Finally my husband sat with him until he fell asleep. He slept through the night and this morning asked his brother to take him to me. He hasn't left my side since.

"I realize he is suddenly very insecure, but how am I to cope with it in such a way that I can help him regain his happy, secure nature?"

My reply in part:

My heart goes out to that boy scared of the neighbor's dog. The fear must be very real to him. I hope some older person is always with this boy, right beside him, when he goes outside.

—:—

IF I WERE you, I would try to buy that dog from the neighbor and sell her elsewhere, even if I had to pay four or five times what she is worth, and provide them free with a gentle puppy.

If you can't meet these requirements, then I think you ought to consider moving away. That child is too precious to be subjected to such terror.

It might be well to let this child share a room with his brother for some while.

My bulletin "Fear in Children" may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Hunter Hits Market

LISBON — Sheriff's deputies are investigating a rifle hole in the window of Kenneth Zeigler's market on Route 45, south of Lisbon. Deputy James Miller, who investigated the complaint, said he believes a careless hunter with a rifle was responsible. Zeigler found the hole when he opened the store Tuesday morning.

Legion Roster Reaches 529

Membership in American Legion Post 374 has climbed to 529, it was reported at the post meeting Monday night in the East End home.

Thirty-five attended the meeting at which Harry D. Irvin was enrolled as a new member.

Post 374 will be host for the spring conference of the 10th District April 9.

Robert Poynter, past commander, reported on the winter conference held Saturday in Massillon. He reported the district contributed $2,685 to the "Yanks-Who-Gave" campaign. John Klinsky, a member of the post, reported on junior baseball activities at the district meeting.

James Cregar, commander, and Louis Krawiec, past commander, reported on the County Council meeting Friday night in Hanoverton.

Cregar and Poynter will be the post's representatives at a banquet honoring William B. Burke, national commander, Jan. 29 in the Sheraton Hotel in Columbus. Burke will be principal speaker.

The annual Legion birthday dinner will be held March 11 at East Palestine Post 31.

The next meeting wil be Monday night at 8.

Don't be surprised if an Austrian nut torte recipe calls for a little finely ground or pulverized coffee. Just add it, straight from the coffee container!

'No Jokes' Sign Put On White House

Apparently the TV networks intend to keep the White House off limits to comedians. Political humor and jokes on TV went out with Harry Truman, remember?

Hal Humphrey

Bob Hope has been the exception, but he is a friend of Ike's. Other comics ran into a flat "No!" whenever they tried to make a little joke about Ike or Mamie.

There never was an official ukase from the networks banning political joke making, but any comedian can tell you that when Ike and the Republicans moved in eight years ago, the networks lost their sense of humor about politics.

With Jack Kennedy and the Democrats taking over the White House lease this week, many comedy writers figured they could go back to politics as a much-needed joke source.

-:-

THE FIRST ONE to stub his toe on the unwelcome mat was Herb Sargent, who used to write comedy for Steve Allen. Herb wrote Tuesday night's NBC-Art Carney special which had the theme, conformity.

As you already may have read, one of the eight-minute skits was to have been a takeoff on family situation comedies and how they are all alike.

With tongue in cheek, Herb had Carney and Lee Remick doing the Kennedys. Jack came home, his wife asked how things went the first day on the new job — and off they went into a kind of "President Knows Best."

The skit had been cleared by NBC's continuity acceptance department and was rehearsed for five days. Then, suddenly, Herb was told it had to be cut out.

-:-

"NATURALLY, I asked why," says Herb, "and was told first that it was in bad taste. When I asked which lines were in bad taste, I was told the skit must be tossed out for 'policy reason.' Finally, I was told that NBC didn't want to kid the incoming administration."

The official word from NBC was that it considered Herb's skit in poor taste because Carney and Miss Remick were "impersonating the Kennedys." The network spokesman in this instance said NBC never has shied away from political jokes told by comics as long as they were in good taste.

President - elect Kennedy may be about to shake up the Federal Communications Commission. Perhaps NBC is worried that a little joke on Jack could boomerang in some dire way.

-:-

IF THAT IS SO, then someone should point out that NBC is underestimating its man. People close to Kennedy report he has a normal sense of humor about himself. For that matter, President Eisenhower does, too.

Both of these leaders must realize that political jokes frequently clear the atmosphere, remind the people that our President is a human being.

Ike was gypped out of much of this rapport with the public when the network adopted their overly-sensitive attitude. Now it appears that Jack Kennedy is going to get the same senseless kid glove treatment.

It was encouraging to see another network (ABC) throw down the gauntlet to U.S. Bureau of Prisons Director James V. Bennett last week. Bennett wanted the second part of a two-part "Untouchables" canceled because, he said, it put officers of the Prisons Bureau in a bad light.

-:-

ACTUALLY, it did no such thing. Both episodes were pure fiction about Al Capone's plotting his escape while being transferred across country to Alcatraz.

I still think ABC should be made to put a disclaimer at the beginning of "The Untouchables," because Walter Winchell's background commentary leads viewers to believe these things really happened. But that is not a case for the Bureau of Prisons — just a polite little note from the FCC will do the trick.

Every person in a democracy ought to abhor censorship. We don't want it from our government, nor do we want it from TV networks who think they are currying governmental favor by censoring jokes from scripts.

Ohioans' Taxes Set

COLUMBUS, Ohio (AP) — The Ohio Chamber of Commerce figures that Ohio taxpayers would have to lay out $4,676,020,000 in federal taxes under the $80.9 billion federal spending program proposed by President Eisenhower. The Ohio figure is based on calculations that the state will assume 5.78 per cent of all federal taxes.

City Police Lodge And Affiliate Plan To Seat Officers

New officers of the Fraternal Order of Police Lodge and its civilian affiliate, FOP Associates, will be installed at a joint ceremony Saturday night at 6:30 at the Travelers Hotel.

Patrolman Robert Duffy will become president of the FOP, succeeding Patrolman Charles E. (Bill) Tice. Donald A. Ramsey will be seated as head of the FOPA, replacing Frank Weaver.

Patrolman Glenn Hill of Canton, an Ohio FOP trustee, will install the new police lodge officers. Larry Sena of Youngstown, 2nd District Ohio trustee of the FOPA, will seat the associates' officers. The ceremonies will follow a dinner meeting.

Another out-of-town guest will be David Cotton of Canton, past state president of the FOPA. Arrangements are in charge of the new and retiring presidents of the two lodges, Officers Duffy and Tice and Ramsey and Weaver.

Firemen At Calcutta Set Carnival In July

The last week in July was designated for a carnival when Calcutta volunteer firemen met Monday night.

Firemen have contracted with "Heck's Rides" for the carnival to be held on a vacant lot adjacent to the fire hall.

Twenty-six attended and a spaghetti supper was served by Robert Dunn, John Morton, Jim Cannon and Norman Neal. Neal, president, said the next meeting will be Monday night at 8 with regular business planned.

Keep In Trim

By IDA JEAN KAIN

What Causes Craving For Sweets?

If you can resist anything except a sweet temptation, tune in. So many of you write that you have no will power at all when it comes to eating sweets, and point out that oddly enough the more sweets you eat the more you want. With nutrition know-how you can lick the craving.

By Ida Jean Kain

It's true that sweets do create an appetite for more sweets. Sugar is burned quickly. Result, the blood sugar level is rapidly raised and this in turn stimulates the secretion of insulin. Nature, always generous, puts out more insulin than is needed for the combustion of the available sugar.

The surplus insulin drives the blood sugar down, hunger reoccurs and if you reach for a sweet, the cycle is repeated.

—:—

ALTHOUGH THE answers are not all known, there is suggestive evidence that blood sugar levels are a definite factor in appetite control.

A low blood sugar is believed to be responsible in many cases for the hankering hunger signals, as well as that all-gone feeling which comes a few hours after a high carbohydrate meal.

Wait! Don't jump to the conclusion that you need more sugar to maintain normal blood sugar levels. Quite the contrary. By eating fewer sweets you will stop the terrific stimulus to insulin production...then you will not experience the rebound.

Regular meals and good food habits are the solution. On balanced meals — protein, a starchy food and vegetables, the fuel is released into the blood stream more slowly and hunger is appeased for a longer period of time.

Now let's see what happens on a reducing diet when sweets are omitted. Many of you write that while dieting your craving for sweets is so overpowering you suspect something in your system demands them. Again the cause is a physical one.

When you cut down on sweets you miss them at first. Nature takes a little time to adjust to change. The mechanism which the body has set up to handle the accustomed inflow of carbohydrate is still in force.

—:—

HERE IS THE way you can conquer the craving as you reduce your weight. Limit your calories to 1,100 a day, all in the protective foods.

Be sure to eat a balanced breakfast for this helps to maintain blood sugar level. Cut out sweets for three weeks. You'll be in control... happy day.

Beaver Creek Park To Get New Manager

Final selection of a new manager for the Beaver Creek State Park, to succeed Walter Burbick, who has been transferred to Guilford Lake, is expected later this month, according to the Ohio Division of Parks at Columbus.

Burbick, who was at Beaver Creek for six years, and his wife have moved to Guilford where the late Raymond Votaw served for 30 years. Burbick has been in the state division for eight years.

A spokesman said at Columbus Tuesday a park manager or assistant park manager will take the post at Beaver Creek, but the final decision has not yet been made.

7 Liquor Arrests Made In County

A total of 7 arrests with 6 convictions on liquor law violations in Columbiana County were reported by the Ohio Department of Liquor Control for 1960.

Fines totaled $537 in the violations, but no jail terms were ordered, the annual report shows. One raid was made.

Twelve permit citations were received, involving 20 charges. The citations included 10 by liquor agents, and one each by East Palestine police and East Liverpool police and county juvenile officers.

In Jefferson County, there were 21 raids, 36 arrests, 34 convictions, fines totaling $2,990 and jail terms amounting to 50 days.

There were 52 permit citations received, involving 98 charges—including one filed by East Liverpool police and county juvenile officers.

Midland And Beaver Directors Re-Elected

Shareholders of the Midland and Beaver Dollar Savings & Loan Association re-elected four directors at a meeting Monday evening at the Beaver office.

G. A. Miller, M. C. Marshall, J. R. McLaughlin and J. T. Anderson Jr., all of Beaver, were returned. David Schwerha of Midland is a member of the nine-man board.

Directors probably will organize next week, L. W. Smith of Midland, manager, said.

For Bosses Night

Western Reserve Coach Will Be Jaycees Speaker

Frank Dawson, chairman, today outlined the program for the annual Junior Chamber of Commerce Bosses' Night dinner Wednesday, Jan. 25, at the Country Club.

Eddie Finnigan, head football coach and athletic director at Western Reserve University and one of the state's better known sports figures, will be guest speaker.

Highlight of the evening's program will be the presentation of the Civic Service Award, which goes to a man over 35 for outstanding service, and the Distinguished Service Award for a man under 35.

The Rev. M. Rudolph Miller of the Trinity United Presbyterian Church will give the invocation. H. James Allison Jr., Jaycee president, will give the welcome to the "bosses." The reply will be made by Alvin Babb, newly-elected president of the Chamber of Commerce.

W. Edward Adkins, state director and past president, will be master of ceremonies.

The CSA will be presented by William Webber, a member of the Jaycee Board of Directors. Ralph Finley, a past president and life member, will make the presentation of the DSA.

Each of the winners is selected by an anonymous committee. Juvenile Judge Louis Tobin will speak briefly.

Organ music will be played during the baked fillet steak banquet. A large birthday cake commemorating 40 years of Jayceeism in the United States and 21 years in East Liverpool will be used for dessert. The cake will be placed in front of the speaker's table during the program.

Dawson said a large backdrop will be used behind the table. Souvenier placemats are being prepared. They will show a group picture of several of the Jaycees.

Guests will include all past CSA winners, Mayor Bert Goodballet and Safety-Service Director Lee Gopenhaver.

Jaycees are to invite their individual employers. The dinner is one of the highlights of Jaycees activities.

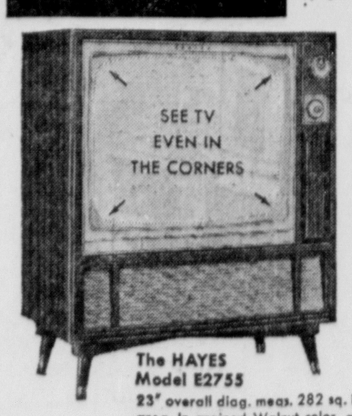

Dawson's committee includes Ross Jackson, Richard Cowles, Dave Kennedy, Paul Zehnder and George Hales.

Shelly Makes 'Em Laugh

By HAL BOYLE

NEW YORK (AP) — This is the land that pays for laughs.

In 1961 Shelley Berman will gross about three quarters of a million dollars — several times President John F. Kennedy's take-home pay — for being funny.

A very few years ago Shelley and his wife, Sarah, a former actress, hitchhiked across the continent looking for work.

Today Berman, a Navy veteran, is one of the darlings of the sophisticates. He has been paid $15,400 for a one-night stand. He has been paid $12,500 for a seven-minute appearance on television.

It all wound up with Berman being one of the highest-paid comedy performers of his generation.

Before he hit the big time with his wry portraitures of civilized man adjusting to the problems of civilization, Shelley worked as a cab driver, a speech teacher, a drug clerk, a ballroom dancing instructor, and a free-lance writer.

What has success meant to him after a dozen years of failure which he still remembers as "the jinx time?"

"There are a lot of superficial differences," he said. "You eat better and you wear better clothes, but the big difference is that I now have a wholesome self-respect.

"I foundered for a long time and envied people around me who had found what they wanted to do and were content.

"And now I am. Well, anyway I am more content with my discontent. I am doing something."

Shelley's humor is based on the ordinary man's plight in this extraordinary time. He jokes about taking an airplane flight, beatniks, the problems of parenthood. His only props in his "concert" appearances are a high stool, a pack of cigarettes and a lighter.

In one show he lights about five cigarettes, really smokes only two — but feels completely dependent on them.

"Without those cigarettes, I might as well not come out," he said. "The cigarette is my escape from the audience. It gives me a chance to think, to listen, to present a kind of action while I am deciding what to do next."

He writes his own material. Sometimes, he sounds like Mark Twain at his bravest moment of social criticism, and the next moment like William McKinley at the peak of conservatism.

"I believe it is important to say what you think," he said. "I don't believe in taking the soft, sweet, safe route.

"I despise comedians who mock tragedy and who insult religion and human infirmity."

SHE HELPED. Tiny Titania Nugroho, 4, is the daughter of the Minister of the Embassy of the Republic of Indonesia in Washington. She is trying here to thank the U. S. citizens who donated toys for the pediatrics ward of the American teaching and healing hospital ship "Hope."

Serviceman Honored To Preventing Mishap

Pvt. William Cochran, son of Everett Cochran of Dresden Ave., was recently honored for averting what the Army said "could have been a fatal traffic accident in France."

The city soldier is assigned to duty as a bus driver at an Army garrison in Orleans, France, near Paris.

He was driving a seven-ton bus on a narrow, heavily traveled street when a French motorist brought his vehicle to a sudden stop directly in front of the fast-moving military bus.

"With expert skill and rapid reflex action, Cochran maneuvered the bus in a manner calculated to have saved the French driver's life," his commanding officers said.

Pvt. Cochran received a merit award from the Orleans Area Command Safety Division. It was presented by Richard D. Smith, director of the division.

2 Ohio Bids Made For New Radio Stations

WASHINGTON (AP)—The Communications Commission has received these applications for new radio stations:

Zanesville, Ohio — Southeastern Ohio Broadcasting System, Inc., Zanesville, FM, on 102.5 megacycles.

Kent, Ohio — Kent - Ravenna Broadcasting Co., Kent, FM, on 100.1 megacycles.

2 Killed In Headon Crash Of Truck, Auto

WOOSTER, Ohio (AP)—A pick-up truck hauling chickens and eggs collided head-on with an automobile on Ohio 5 Tuesday near Easton, and two men died.

Killed were Frank Lacasella, 78, of Akron, driver of the truck, and Sam Williams of Riceland, who was in the car.

Mother Of Four Left Helpless By Vaccination Dies

SAN FRANCISCO (AP)—Death has claimed a mother of four whose airman husband says she was left physically helpless by a smallpox vaccination.

Mrs. Florence B. McCauley, 40, died Monday night in Letterman Hospital a few days after being flown here from Japan where her husband, T.Sgt. Allen McCauley of Oberlin, Ohio, was stationed.

Before leaving Japan McCauley filed a $250,000 damage claim against the U.S. Air Force. He said his wife became progressively sicker and finally paralyzed in the lower part of her body after a compulsory smallpox vaccination was given her at Misawa Air Force Base hospital on Oct. 29, 1959.

An autopsy is to be performed.

Dr. Lichliter, Leader In Freemasonry, Dies

AKRON, Ohio (AP)—Dr. McIllyar Hamilton Lichliter, 83, retired minister and nationally known leader in freemasonry, died here Tuesday after a long illness. He was grand prior of the Supreme Council of the Ancient Accepted Scottish Rite of Freemasonry for the Northern Jurisdiction of the United States.

Dr. Lichliter had been a minister in Methodist churches in Pittsburgh, Olean, N.Y., St. Louis, Baltimore and Cleveland. He was a former grand chaplain of the Grand Lodge of Massachusetts and of Ohio. A native of Butler, Pa., he lived here the last two years.

Ohioan Pleads Innocent In Bookie Operation

COLUMBUS, Ohio (AP) — John J. Coury, 47, of Upper Arlington, pleaded innocent in U.S. District Court Tuesday to participating in an alleged nationwide bookie operation. Investigators said they found in Court's home 13 telephones and horse race lists.

Judge Mell G. Underwood deferred sentence in two other cases in which the defendants pleaded guilty. Daniel Meadows, 60, of Columbus, admitted operation of an illicit still, and Donald Lee Brammer admitted embezzling $978 from the Columbus bank where he was employed.

Auto Carrier Kills Bus Lines Mechanic

NORWALK, Ohio (AP)—A Greyhound Bus Lines mechanic was injured fatally Tuesday when struck by an auto carrier as he was checking a stalled bus' motor on the Ohio Turnpike. He was Steven J. Molnar, 26, of Cleveland.

The accident occurred about 10 miles east of the Norwalk - Sandusky interchange. The Detroit - bound bus had broken down and the passengers had boarded another bus. Molnar was standing near an opened side panel when he was hit.

Commutation Withheld

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle has withheld commutation from James Rutherford, 44, serving a life sentence for the 1935 murder of a Cleveland gasoline station attendant. DiSalle said Tuesday, "We do not feel the inmate has demonstrated an ability to now take his place in society." Rutherford was convicted in the slaying of William Shellers.

Mayor Lists $8,517 In Fees

EAST PALESTINE — The mayor's report showing a total of $8,517 collected during 1960 and the annual fire department's report showing losses totaling $20,600, one of the lowest in recent years, were presented to City Council Monday night.

Mayor Robert Harding said 228 cases were heard during the year. The total money collected in court included fines, forfeitures, court costs, parking fines and various fees. All the money is turned into the city treasury.

Fire Chief Glenn Libert said the $20,600 fire loss is about 50 per cent lower than the $42,000 loss in 1959. The loss in 1958 was $53,000.

There were two major fires during the year. One was in June when the Municipal Light Plant was struck by lightning and caught fire, causing $5,000 damage. The major fire outside the city limits was an $11,000 blaze at the Lawrence Hart building.

The remaining loss was accounted for by numerous miscellaneous fires.

The department answered 289 first aid calls during the year. There were 44 fires inside the city limits. Fifteen were answered by the chief and 29 were general alarm fires. There were 11 calls outside the city for which the department was paid $2,000 by insurance companies.

'Gay 90' Straws Top Uniforms Of Quartet Society

Straw hats from the "Gay 90's era" were displayed by Edward DeBee as the newest addition to program uniforms when the East Liverpool Chapter of SPEBSQSA met Monday night in Carpenters Hall. Twenty-five attended.

Also displayed were signs which the chapter will post on roads leading into East Liverpool. Gerald Jividen exhibited the signs.

Don Schussler, president, named several new committees. Raymond Thorn was named historian. Selected for a music committee were William Brooks and William Patterson, co-chairmen, and Glen Hart and Glenn Woods. DeBee and William Gibbs were named to a uniform committee.

Schussler introduced Chuck Palmer and Jack Vanaman as guests.

Brooks directed the chorus in a few old songs and several new show selections. The meeting closed with "Keep America Singing" by the chorus.

The next meeting will be Monday night at 8 in Carpenters Hall, according to Jack L. Hughey, secretary.

Wife Stabbed Fatally By Estranged Husband

CINCINNATI (AP)—"He didn't want us to see our sister again and Mommy wanted her to come home. Then he got a knife and stuck Mommy."

That's the way Bernard Wynn, 6, described to police the way his mother, Mrs. Joyce Wynn, 22, was stabbed fatally Tuesday as he and a sister, age 2, looked on in terror.

Officers hunted Mrs. Wynn's estranged husband, Robert, 27, and said neighbors reported seeing Wynn flee the apartment.

Police said a third Wynn child, Brenda, 4, has been living with Wynn's mother.

Neighbors were attracted when Mrs. Wynn opened a window and screamed for help. Her body was found under the open window.

Man Faces Charge In Toledo Bank Theft

WEST PALM BEACH, Fla. (AP) —Oswald Welker, arrested here Tuesday with only 66 cents in his pocket, is being returned to Ohio to face a charge that he robbed an East Toledo bank of $6,950.

Cleveland FBI agents said $4,800 of the loot taken last Thursday from a branch of the Lucas County Bank was recovered from Welker's estranged wife and brother in Toledo. Welker, 32, surrendered quietly to FBI agents when he was apprehended in a bar.

How Can I?

By ANNE ASHLEY

Q. How can I make sure that I always have an adequate amount of water in the bottom of my double boiler?

A. Marbles can be used as a safety alarm. Keep two or three in the pot all the time, and when the water gets dangerously low, the marbles dance up and down making a racket to warn you that water is needed. Incidentally, the water in the double boiler will come to a boil more quickly by adding a little salt to it.

Q. How can I clean glazed brick floors?

A. Dust first with a push broom or dry mop, then wash with a sponge wrung out of warm soapy water, rinse, and dry. For a very dirty floor, use one ounce of sodium hydrosulfite dissolved in one gallon of warm water.

Q. What is a good preservative treatment for patent leather articles?

A. A cloth dipped in the white of an egg is good for preserving patent leather. Finish the job by polishing with a cloth or chamois.

3 Officials To Say How

Ohio's Apportionment Due But It May Be Headache

By DUANE E. CROFT
Review Staff Correspondent

COLUMBUS, Ohio — Some time in the next several months, Ohio's governor, secretary of state and auditor will have to get together and decide how the seats in the General Assembly are going to be distributed during the next 10 years.

The Ohio constitution says so. And while that might look like an enviable duty to many politically-minded citizens, what the constitution says further on the subject makes it more a headache than a pleasure.

For that document spells out in considerable detail an apportionment system that is unique among the states, probably because none of the rest of them had any desire to get tangled up in complicated mathematics.

Brown Seeks Answer

Each of the three officials is free to do his own figuring in advance of the meeting, but so far only Secretary of State Ted W. Brown, Ohio's chief elections official, has tackled the problem with the idea of coming up with a final answer.

He emphasizes, of course, that his proposal is merely preliminary. He recalls that while things went pretty smoothly 10 years ago, the decision of the officials in 1940 wound up in the Ohio Supreme Court, which threw the whole thing out.

There is not much argument over the House seats, because the constitution is so specific about them that it is pretty much a matter of arithmetic.

But Senate seats, which are based on districts which have become combinations of old districts, are another matter.

Assumes Same Divisions

For the sake of simplicity, however, Brown assumes the divisions will remain just about as they are.

Basically, changes in legislative representation are governed by the change relative to the state's. To gain House seats, for instance, a county's population growth during the last 10 years must have been larger percentagewise than that of the entire state.

Of the eight counties containing Ohio's largest cities, only Stark will get the same number of House seats over the next decade as in the last one.

Three of the Big Eight will gain seats—Franklin (Columbus), Montgomery (Dayton) and Summit (Akron). The other four will lose seats—Cuyahoga (Cleveland), Hamilton (Cincinnati), Lucas (Toledo) and Mahoning (Youngstown).

Fractions Employed

Describing just what the gains and losses will be gets sticky, because the unique aspect of Ohio's apportionment system is the use of fractions to allot extra seats during the five biennial sessions of the decade.

This has helped Ohio's cities avoid the fate of metropolitan areas in other states which have rural-oriented apportionment systems, but many urban legislators still feel that even in Ohio the rural areas have the advantage in representation.

There are from time to time suggestions for changing the system. Politics and reluctance to tackle higher mathematics combine to resisst their adoption.

One proposed so far in the current session would revert to the former plan of electing House members by districts, instead of giving each county at least one representative. Another would divide counties which are senatorial districts in themselves into subdistricts. Another would divide Cuyahoga County into House districts to cut down on election cost and confusion.

No one, however, is recommending that Ohioans hold their breath until a change is made.

County May Lose Seat In Brown's Plan

If Secretary of State Ted Brown's figures are accepted at the forthcoming apportionment huddle, Columbiana County will lose one House seat in the five-session period, since the extra seat allotted now for the fifth session will be cut off.

The 20th-22nd combined senatorial district will suffer the same fate.

Mahoning County will have three House seats for all sessions, a loss of the present extra seat in the 1971 assembly. The 23rd senatorial district, which includes Mahoning County, will remain the same as during the last decade, with 2 senators for all 5 sessions.

Khaki was first worn by American soldiers during the Spanish-American War. It was adopted because the regulation dark blue uniform was too warm for tropical service.

'Painless' Unsticking Used On Adhesive Tape

GREENVILLE, N. C. — Dr. Lucile H. Charles calls her technique for painless removal of adhesive tape "not in speedily pulling the tape away from the patient, but rather slowly removing the patient from the tape."

Dr. Charles, an English professor at East Carolina College, has had her technique reprinted in many national magazines and newspapers. It goes like this:

"With the thumb and the index finger of one hand gently lift a corner of the adhesive tape. With the fingers of the other hand, gently and slowly press the skin that is just beneath the tape, away from the tape and toward the center of the dressing or bandage. Continue the process until the adhesive has been entirely removed."

To Study Car Exhausts

CINCINNATI (AP) — The U.S. Public Health Service plans a study of how auto exhaust effects health in six cities, including Cincinnati. A spokesman at the Taft Sanitary Engineering Center said it will take at least one year of 24-hour-daily monitoring operation of a $40,000 device.
